

MAY 24
Was a big day in Oyama, Lumby and Falkland. Crowning of May Queens, Stampede, Sports and Dances were enjoyed by everyone in those communities. Stories will be found on pages 10, 15 and 16 of this issue.

VOL. 57.—Number 4.—Whole Number 2871.

B.C.D.'s Occupy Important Role In Defence Plans

9th Armored Regiment To Reconnoitre Interior of Province for M.D. 11

The 9th (R) Armored Regiment (B.C.D.) has been allotted an important role in the task of preparing plans for the defence of this province, according to instructions received from Headquarters of M.D. 11.

The responsibilities of the regiment will be to reconnoitre the main roads and also alternative routes from the Okanagan Valley east, west, north and south to general boundaries formed by Kamloops Lake and Eagle River, excluding Revelstoke; Kootenay Lake; International boundary, and the Fraser and Thompson Rivers.

Farmers Hint They May Strike

Adjustment of Price Structure for Farm Commodities Urged

So that agriculturists would get "a fair deal," 38 delegates representing 596 members to the annual meeting of District "G" Farmers' Institute in Salmon Arm last Tuesday after studying the various factors which entered into their increased cost of production, unanimously adopted a resolution urging that the Dominion Government take steps to adjust the price structure of farm commodities in keeping with these advances.

The resolution referred to labor unrest and strikes, wage increases and shorter working hours, removal of ceiling prices on manufactured products by the W.P.T.B., the increase in prices of farm implements of 12 1/2 percent; the development of inflation and the fact that farmers were the first to suffer through inflation and the last to be relieved of inflation's bad effects.

This resolution was supported vigorously and several of the delegates intimated that if the worst came to the worst, the farmers might go on strike.

Survey of the irrigation resources and ditching and dyking problems was urged in a resolution which was passed in a resolution which was passed.

Farmers Hint (Continued on Page 8, Col. 7)

Aerial Spraying Program For Local Orchards Held Up

'Plane To Have Place In Fruit Growing Industry, But Airstrip Here Essential

Lack of an airstrip in Vernon is halting the latest development in the fruit growing industry, that of aerial spraying.

Interior and U.S. Members of Lions Clubs Meet Here

Vernon Branch Host To Delegates at Business Session, Social Events

When representatives of Lions Clubs included in Region "D" gathered in Vernon last Saturday and Sunday, reorganization of the Region was agreed upon, Vernon, Kamloops, with Tannock and Oroville, which will now be included in a new grouping, to be known as Zone D-1. Len Bruner of Oroville was elected as chairman of Zone D-1. Bob Gullihill of Waterville is retiring Zone chairman.

Delegates attended the Vernon meeting, which took on a social as well as a business aspect, from Waterville, Yinkima, Tannock, Oroville, Chahamere, Wapato and Moses Lake, all in the state of Washington, as well as representatives from clubs in Kamloops, Kelowna and from this city's newly formed group.

Orville Wilmut of Moses Lake, Wash., Deputy District Governor, Region D, District 10, Lions International, presided at all sessions.

Discussion groups were led by Clyde Sumner of Yakima; Art McQuinn of Chahamere; and Bob Gullihill of Wapato.

Contributions were extended to Vernon, Kamloops and Kelowna on the splendid work they are doing in their communities. Mr. Wilmut.

On Sunday afternoon delegates were entertained by the Vernon Lions Club members, their wives and families at a picnic held at the Klamath Beach. About 30 attended the affair.

Another meeting of the Zone is scheduled for September.

High School Honors Day Friday, May 31

The annual Honors Day ceremonies of the Vernon Junior and Senior High Schools will be held Friday afternoon of this week in the Capitol Theatre at two o'clock.

At that time cups and awards won during the year will be presented to the students.

Berg Thorstenson, North Okanagan school inspector, will be the principal speaker. The senior high school's graduating class valedictorian will be William Seaton Jr.

Contrary to custom of previous years, the recommendation lists will not be available for Honors Day this year but will be announced on June 14.

Wednesday Store Closing Is Mooted Here

Valley Trade Boards Agree Uniform Weekly Holiday Highly Desirable

Perhaps for the first time in the history of the Okanagan Valley, Penticton, Vernon, and Kelowna retail merchants got together on Wednesday evening May 22 at Kelowna to consider problems pertinent to the retail trade of the entire Valley.

The main purpose of the meeting was to have a uniform weekly closing day for the entire Okanagan. Instead of having, at present, either Mondays, Wednesdays, or Thursdays as each community individually decides.

In view of 95 percent of British Columbia having adopted Wednesday as the closing day or half-day, it was agreed that Vernon and Kelowna should ask their respective councils to submit a plebiscite to their citizens on adopting Wednesday as the day for closing stores either wholly or in part.

Upon this being done, it is the intention of the association of all three cities to seek a full Wednesday closing day by obtaining the necessary percentage of merchants who are in favor of such move.

Early action is contemplated in view of the recent provincial legislation requiring the adoption throughout the province of a 44-hour week not later than July.

C.C.F. Supports Demands of Labor

Constituency Sees 40 Hour Week As Solution To Employment Problem

Yale C.C.F. Constituency is in full accord with the adjustment of hours of labor, in order that full employment may be secured for everyone. Delegates from C.C.F. clubs in Yale Constituency, meeting in Penticton on May 26, passed the following resolution: "We advocate a 40-hour week as the first step without any reduction in 'Take Home Pay', and suitable pay increases to meet any increase in the cost of living, as well as full union security."

S. Kenyon, president of the constituency, was chairman. Reports were heard from Mrs. Gladys Webster and O. L. Jones.

A committee is inspecting possible sites for a C.C.F. summer school in the interior.

Officers elected for the incoming executive were: President, O. L. Jones; Vice-president, Jack Snowsell; secretary-treasurer, Mrs. Ruth Purdy; chairman of election committee, George Collins; chairman of education committee, Mrs. C. Henderson. Mr. Jones was elected delegate to the National Convention to be held in Regina, with Mrs. Purdy as alternate.

Clarence Wilson Appointed Social Assistance Officer

At the regular session of the City Council on Monday of last week, Clarence Wilson was named social assistance officer for this city. He will leave in June for the Coast to take the provincial government's three month course, in social assistance work.

Here Is Big Money

A prospector in Canada's Northwest Territories, Ulrich John (Spud) Arsenault, tries to convey an expression of placidity by smoking a cigar as Samuel Gigen, treasurer of the Beaulieu Yellowknife Mines Ltd., pays him \$100,000 in cash and 250,000 shares of stock for his claims. The prospector insisted on receiving the cash in \$50 bills so he could see "a big pile of money" and almost didn't close the deal when he realized it was the 13th of the month. The payment was made in Toronto.

Hospital Building Bylaw Through Preliminary Stage

Legal Work In Progress; Submission To Victoria Follows; Voting Date Not Set

The finance committee of the City Council on Monday evening last completed work on the \$283,000 hospital bylaw.

The measure is now in the hands of City Solicitor C. W. Morrow for preparation into legal form and then must be submitted to Victoria for approval prior to being given readings by the Council.

City, District Vets Write U.B.C. Exams

Vernon Men Figure In Pass List for Winter Session Courses

Extension Department, University of British Columbia announced yesterday, May 28, the following examination results of Vernon and district students in the special winter session for veterans.

In the faculty of Arts and Science, first year, passed second class, Alfred G. Downing, Vernon; Robert H. McDowell, Vernon; Passed, Frederick G. Hammond, Vernon. Fourth Year, passed first class, Howard D. Debeck, Vernon.

Faculty of Agriculture, first year; Passed, second class, William R. Hays, Vernon; Norman V. Tonks, Vernon; Donald H. Weatherill, Vernon.

Occupational Course, Agriculture, passed in subjects written, Roger J. Dickson, Vernon.

Regular session, Faculty of Applied Science; second year, passed second class, Percy deWolf, Vernon; Passed with supplemental, William H. W. Husband, Vernon.

Third year, passed, second class, Ronald G. Denny, Vernon; John Illington, Vernon.

Men who have passed from various North Okanagan schools include: Faculty of Arts and Science; first year, passed second class, James C. Landers, Salmon Arm; Disney B. Poole, Sorrento; Robert S. Purkis, Salmon Arm. Passed with supplemental, Marion E. Smith, Falkland. Second year, passed second class, William B. Landers, Salmon Arm; Justin McKenague, Armstrong. Third year, passed with distinction, William B. Landers, Salmon Arm.

District Vets (Continued on Page 4, Col. 3)

Disabled Veterans' Capabilities Shown In D.V.A. Picture

Shaughnessy Hospital Officials To Address Public Meeting Here

In conjunction with the Department of Veterans' Affairs' nationwide campaign to familiarize the public with the capabilities and employment possibilities of disabled veterans, a moving picture, "The Third Freedom," is to be shown in the Legion Hall Monday evening. In addition, Harold Walker and James Crank, of the Shaughnessy Hospital, will speak. The principal object of the campaign is to show not only potential employers but also the public at large that veterans with disabilities are doing a great variety of useful jobs. It is hoped that as a result employment of many of these veterans will follow.

One of the conditions which the campaign hopes to overcome is the tendency to regard such veterans as "bad cases." It is felt that employment of a disabled veteran from a sense of pity alone is of no good to the veteran or to the employer in the long run.

Coldstream Not In Accord with Setup Of School District

Taxpayers Protest Compulsory Inclusion; Fear "Domination" of Board By Vernon

Ratepayers of Coldstream have registered a vigorous protest against being called upon to meet 12 per cent of the bonded indebtedness of the City of Vernon incurred in the construction of school buildings before Coldstream Municipality entered Vernon School District No. 22. The domination of the seven-man school board by Vernon also was protested. The suggestion was made that a nine-man board should be constituted so that Coldstream, Lumby and rural school districts would have five trustees to Vernon's four. The meeting of ratepayers, at which these protests were supported by resolutions, also deplored Coldstream's compulsory inclusion in Vernon School District before the ratepayers had been consulted as to their wishes.

South African War Veterans to Foregather Here

Veterans of the South African War will congregate in Vernon Saturday evening for the annual North Okanagan South African War Veterans dinner which this year is being held in the Women's Institute Hall at 6:30.

This will be the 44th anniversary of the signing of the Peace of Vereeniging which was signed at Pretoria on May 31, 1902, after protracted negotiations, and which brought the war to its close.

About 12 dinners have brought the Okanagan veterans together in the past, and this year it is expected that there will be not less than 25 men present. They will be coming from as far north as Sticamoon and as far south as Penticton.

Canadian, U.S. Scouts Attend Oliver Camporee

Third Vernon Troop Represents District at International Gathering

The Third Vernon Troop of Boy Scouts represented the North Okanagan at the International Camporee held on Friday, Saturday and Sunday at Victoria, B.C., near Oliver. This was the first camp of its kind in the interior of British Columbia and was held with the view of exchanging ideas on scouting and particularly camping practices.

There were 250 boys in camp from British Columbia and Washington. There were 130 American scouts from Oroville, Tonasket, Twisp, Okanogan, Omak, Malotte, Wenatchee and Chelan and 120 Canadians from Oliver, Summerland, Penticton, Rutland and Vernon.

The Vernon troop of 33 boys and three leaders was transported to Oliver by three army trucks provided by the Department of National Defence.

Efficiency of the patrols in camp was gauged and marks were awarded from the time the scouts arrived in camp until they left. Each scout was required to carry complete supplies of food and equipment for the three days.

Sunday was visitors' day and parents from both sides of the border attended the presentation of ribbons and awards in the afternoon. The Vernon boys did very well in the competitions and comparisons favorably with their brother scouts from the United States.

Scoutmaster Herb Northcott, who was assisted by Assistant Scoutmasters Harold Bartholomew and Kenneth Burnett, considers the trip very successful. He hopes to take the troop to the international Camporee in 1945.

Scouts Attend (Continued on Page 4, Col. 4)

Okanagan Lake Level Above Maximum Flood Control Mark

The level of Okanagan Lake continues to rise and on Wednesday had reached the height of 102.4 feet, one tenth of a foot higher than maximum flood control level. The Water Rights Department at Kelowna anticipates that in about two weeks the level will reach 103 feet and then probably begin to recede.

Several flood areas are reported in the southern end of the valley and in Kelowna a few lakeshore homes have reported flooded basements. At Okanagan Landing a number of residents are keeping close watch on wharves which threaten to break loose if the water rises much higher.

Cleaning of the Mission Hill reservoir is now completed. The reservoir was very filthy and some crabs were discovered, and during the shut down it was discovered that the BX reservoir could supply about three-quarters of the city if adequate sized pipes were installed.

An application has been made to have the Kamamika Beach caretaker given powers of a special constable. He has had considerable trouble with rowdy youths and has asked the authority to deal with them. The aerial survey of the city will be undertaken shortly, Mr. deWolf said.

Given final reading were four bylaws—the estimates, amendment to the electrical code, daylight saving, and town planning.

Fruitmen To Elect New President

A. G. Des Brisay Will Not Stand For Re-election As Head of B.C.F.G.A.

Directors of the British Columbia Fruit Growers' Association, when they held their annual meeting in Kelowna Tuesday, June 4, will have to replace A. G. Des Brisay of Penticton, as president. Mr. Des Brisay has announced that he will not be a candidate for the presidency nor for the Executive. After five years as president and three years in addition as a member of the Executive, Mr. Des Brisay has found that the pressure of his own affairs will not permit him to hold the office to which he was first elected by the Directors in annual meeting July 2, 1941.

Mr. Des Brisay succeeded Major D. M. Rattray, of Salmon Arm, who resigned the presidency early in 1941 to join the Canadian army. Last year at the Directors' annual meeting, May 25, the new bylaws were passed.

Fruitmen (Continued on Page 4, Col. 4)

About 1,200,000 Boxes Lost To Fruit Industry As Result of Walkout

Appeals by Acting Prime Minister, Labor Minister So Far Unsuccessful

The box factories of the Okanagan are still closed and the possibility of settlement of the I.W.A. strike is not immediately apparent. On Wednesday the strike entered its third week with a consequent loss of over 1,000,000 boxes and crates to the Okanagan fruit and vegetable industries.

On Tuesday acting prime minister, Mr. Mackenzie King, appealed to workers to return to work for the public that our union is undemocratic, ruled by a select few for the personal aggrandizement; that union contacts have been broken; that the union is irresponsible, lacking in consideration for the welfare of our nation.

"But a few months ago our union was lauded for its unswerving resolve not to strike during wartime, despite unprecedented provocation by these same operators who now cry to high heaven because we strike action as the only resort against an employer group who refuse to negotiate in good faith, who meet all our just demands, no matter how trivial, with a flat 'no'."

"These operators indicate a willingness at all times to negotiate on the condition of wages. On March 17, 1946, we asked these same operators to grant a \$2 wage increase to the workers."

Walkout (Continued on Page 4, Col. 5)

Infestation of Crickets, Similar to That Of Early 1920's, Indicated in Area

While indications are that grasshoppers are definitely on the decrease in the Vernon district, a fresh plague threatens farmers and others this summer.

There is definite evidence that crickets are increasing in this area, states I. J. Ward, Provincial Entomologist, this week. A very heavy infestation has been observed on the Grandview Plateau area, adjacent to the Kamloops Road, Mr. Ward told The Vernon News on Tuesday.

Normal numbers of the rangeland grasshopper infestation in 1945, according to date, no infestation approaching the intensity of the one at Grandview Plateau has been located, he declared, stating that future observations will provide more definite information.

Cricket infestation were present in outbreak numbers during the early 1920's, beyond the city limits above the Kamloops Road, Mr. Ward said. At that time it was necessary for farmers to dig trenches around their fields and fence with sheets of glass to protect crops.

The crickets are cannibalistic, when confined in numbers and devour each other when trapped in a deep trench. They cannot jump more than 10 inches, thus the fence of glass prevents them from getting into a fenced field.

Mr. Ward states that this cricket does not fly, and so an infestation, such as is threatened this summer, is more limited than a grasshopper plague.

Several insect pests of ground crops are present in above normal numbers this season. Outbreaks have been numerous and have caused considerable crop damage throughout the Okanagan, Boundary and Kootenay areas. Flea beetles on brassica crops are widespread and appear to be increasing annually, continued Mr. Ward speaking of current pest conditions in the interior.

Root maggot on cabbage and onions is yearly a pest although damage to onions in some areas at this date appears above normal. The wireworm population in the interior is increasing and crop damage has been observed at Vernon, Kelowna, Summerland, and Grandview. Up until recently no control of this pest by insecticides was possible although new chemicals show promise of providing control in the future. Potato beetles are beginning activity in the South Okanagan although control measures are being adopted.

THE WEATHERMAN SAYS:
Temperatures in Vernon for the week of May 22-28 were as follows:
Max.: 68, 77, 82, 74, 77, 74, 65.
Min.: 51, 43, 47, 53, 50, 56, 48.
Precipitation: .85 inch.
Hours of sunshine: 1.8; 13.9; 11.6; 6.3; 9.2; 2.8; 0.0.

Vernon Hockey Association Annual Meeting Next Week

In an endeavor to ensure an early beginning to next winter's hockey season, the Vernon Amateur Hockey Association is calling its annual general meeting for Thursday, June 6, in the Scout Hall at 8 p.m.

The idea in calling the meeting at this time is to have the new executive in office and ready to

operate well before the hockey season begins. That could mean, if the idea is carried through as is now intended, that hockey will start in November rather than January.

At the meeting next Thursday the financial statement of the year's operations will be made and a slate of officers will be elected.

Summary of fastball league play will be printed as soon as this sports page can catch up with the league scorebooks.

Local Runners Make Good Showing in Kelowna Meet

A group of Vernon athletes competed in a number of track events in the Kelowna Gyro Club's Sports Day in Kelowna last Friday. The Vernon youngsters returned home with a handsome share of the prize awards. The majority of the Vernon competitors were headline performers at the Okanagan Valley Schools Track Meet the previous week and they gathered new laurels in the Gyro competitions.

The outstanding individual performance was that of "Paddy" Clarke who won the open 100 yard sprint, the 220 yard dash, and the open 440 yards.

In the 160 yards he equalled his school meet time of 10.25 seconds and in the open 220 he made the fast time of 24 seconds. It was in the 440 that he stood out, however, when he clocked across the line in 54 seconds, 1/5 of a second better than the school record and 12 1/2 seconds better than his time in this year's school meet.

Joan Husband, also one of Vernon's star performers in the school meet, ran the girls open 75 yards

Minor Hockey in British Columbia Receives Funds From Major Associations

Minor hockey in British Columbia should have an ever brighter future next winter. Frank Becker, vice-president of the B.C.A.H.A., reporting on the recent Canadian Amateur Hockey Association's annual meeting in Vancouver, states that \$2,750 will be devoted to the promotion of minor hockey in this province next season. That compares with \$1,900 last year.

The means by which this sum was made up is interesting. The eastern Canadian delegates to the convention did not realize until after they had traveled across B.C. to reach Vancouver, the difficulties and expense of transportation in this province. It was something of a revelation to them that two towns which may be 100 miles apart as the crow flies may actually be 200 miles apart as the roads run. Mountains had not entered into their previous calculations.

As a consequence the C.A.H.A. voted \$2,000 to minor hockey in B.C. This was a pleasant surprise to the B.C. delegates but even more were to come. The Ontario Hockey Association, as a gesture of goodwill, gave the sum of \$500 to the B.C.A.H.A., to be devoted to minor hockey and to cap this, the United States Amateur Hockey Association, as a gesture of international friendship, contributed a further \$250 for the same purpose.

These gifts were made by George Panter, president of O.H.A., and Tommy Lockhart, of New York, president of the U.S.A.H.A., on behalf of their respective associations. Mr. Becker said that the B.C.A.H.A. delegates found it difficult to express adequate appreciation of the generosity of the donors. The entire sum will be used to the best possible advantage of minor hockey.

The Vernon Civic Arena Commission and the Vernon Amateur Hockey Association have reason to thank the B.C.A.H.A. vice-president for a very potent piece of argument at the convention. After presenting the C.A.H.A. with a full picture of the Western Canada Intermediate Finals as played here in March, and the various delays the delegates decided to give the arena \$200 over its usual percentage from the play-off. The Vernon Hockey Association was awarded an additional \$225 to meet expenses.

Mr. Becker has suggested that the arena commission devote its \$200 to the promotion of minor hockey in Vernon.

"Dr. W. G. Hardy, chairman of the Western Intermediate Division, congratulated the citizens of Vernon, the arena commission and the hockey club for the support that can always be depended upon for a very potent piece of argument at the convention. After presenting the C.A.H.A. with a full picture of the Western Canada Intermediate Finals as played here in March, and the various delays the delegates decided to give the arena \$200 over its usual percentage from the play-off. The Vernon Hockey Association was awarded an additional \$225 to meet expenses."

It is just so much water under the bridge now, but the executive of the Western Intermediate Division made a rather amazing admission. When Mr. Becker informed them fully of the circumstances regarding the proposed Edmonton-Vernon game, they admitted that they had been better informed as to the three replacements and alternate goal keeper as used by Vernon, the rules committee would not have allowed the protest. They regretted the decision made as they felt it undoubtedly affected Vernon's performance in the next two games.

Intermediate hockey has been for some time the orphan in Canada's hockey family, but this year the C.A.H.A. has given it something of a boost by increasing the allowance for travelling and living expenses during play-offs.

All wartime hockey rules have been eliminated for next season and games will be played and leagues operated according to the C.A.H.A. constitution. From now on, the rules will be strictly enforced.

Vernon Bowlers Win at Kelowna

Vernon bowlers were the guests of the Kelowna Lawn Bowling Club on Friday. About 25 players from this city competed in the inter-club games.

The Vernon ladies' team, skipped by Mrs. W. J. Oliver with Mrs. Felix Henschke second and Mrs. Daem lead won the afternoon games 21-6. For their efforts they were awarded a most acceptable reward, nylon stockings.

Vernon men featured well. The four skipped by Tommy Martin with Emile Henschke lead and two Kelowna men, F. Sutton and G. Robinson, won the men's round in the afternoon with a score of 33-12. In the evening play, K. W. Kinnard, skip, and Jack Hey, teamed with two Kelowna men to win the major awards.

The success of this inter-club meeting was most encouraging to both Vernon and Kelowna bowlers. The Vernon Lawn Bowling Club is growing steadily and at future meets it is hoped this city will have even larger representation.

Kamloops C.Y.O. Stop Nick's Aces

Nick's Aces absorbed their second loss of the baseball season on Sunday when Kamloops C.Y.O. knocked them 5-1. The nine innings ran their course on the somewhat broken terrain of MacDonald Park, Sunday afternoon.

A few costly errors plus the Kamloops club's ability to stop the Vernon boys cold every time they had a man or two distributed around the bases held the Aces to their single run. That, plus some rather deadly pitching by the main-liners, Freshara and Whitehead.

Kamloops ran up the five runs in the first, third and away and seemed to be on their frames the Aces had two men awa and seemed to be on their way to the third when trouble set in. Usually an error started a run of errors during which one of the C.Y.O. boys would race in across the plate.

On the mound for the Aces, Bill Chivoldoff pitched a very smooth game and ended the afternoon with six strikeouts to his credit.

Cy Suga, back of the plate, and Otto Munk, at short stop, provided the high point for Vernon fans in the eighth inning. Kamloops had two men down when Whitehead rapped out a handy single. Garay reached first on an error and Whitehead got to third. The pitch to Marriot, at bat, sailed by into Suga's mitt. He snapped the ball out to Munk who had moved over to second base. As the ball left Suga's hand Whitehead started for home. Munk rifled the ball back to Whitehead as he slid into the plate a fraction of a second later.

"Despite one unfortunate error, Bill Inglis was brilliant at second base. Six times he intercepted infield hits and fired them to Christie at first to dismiss Kamloops batters. Two caught flies rounded out his work."

Next Sunday Kamloops All Stars will play Nick's Aces here.

First Blood to Kelowna Boxla Septet Friday

Kelowna's boxla team drew first blood on the season opener played at the Orchard City last Friday. In a game that was rained out at the end of the third period, the home club defeated Vernon 11-4.

The exhibition encounter was part of the Gyro sports day program and gave some indication of what can be expected when the season schedule opens in Kelowna, June 7. While Kelowna ran away with the score, the Vernon boys have a number of points in their favor and should be a better coordinated team by the time they meet Kelowna again.

The first period was Vernon's downfall. Kelowna rattled home seven goals to Vernon's single in the 15 minutes. Terry O'Brien, back in the game after several years absence, sparked Kelowna into the lead and was always dangerous although the Vernon defence, through the efforts of Ben Douglas, managed to clamp the lid on him effectively in the second and third quarters.

Bob Saunders, wearing Vernon colors, stood out for this city's seven. He scored twice and took a lot of watching. Don Thompson and Roy Beech accounted for the other two Vernon goals.

"Noodles" Knox started the game in the Vernon net but in the next two periods Dick McCuskey dominated the pads and Knox stepped out front onto the defence line. His experience was valuable there. McCuskey turned in an excellent performance in goal. He handled 15 shots and just four slipped past him. This was all the more remarkable in that it was the first game in which McCuskey had played goal.

The playing conditions in the Kelowna box do not add to the efficiency of a team that has been practising under the ideal conditions provided by the Vernon Civic Arena.

territory, working under the direc-
tion of Dr. George Elliot and Miss
Doris Carter.William Niles of Vernon was
elected one of six delegates from
the floor of the B.C. Conference,
United Church of Canada to the
General Council of the United
Church to be held this year in
Montreal. The Council meets every
second year. Other delegates are
elected from the Presbytery, but
only six from the conference at
large, of which Mr. Niles was one.
Last Sunday morning a report was
given of the conference in lieu of
the sermon at Vernon United
Church. Rev. Gerald W. Payne re-
ported the religious aspect of the
conference; Mr. Niles on Home
Missions; and Wilfred Bruns on
young people work. The three lay
named were Vernon United Church
representatives at the Conference.In Vernon this week on a honey-
moon trip were Mr. and Mrs.
Stanley Gold. The couple passed
through Monday en route to Kel-
owna, returning Tuesday to this
city where they were registered at
the Kalamalka Hotel, leaving for
Burns last night, Wednesday. Mr.
Gold is a nephew of Mrs. E. N.
Lockwood of Vernon, and was a
member of a Winnipeg Regiment
sent to Hong Kong. He was taken
prisoner on Christmas Day, 1941,
and repatriated last year. He was
married to a Winnipeg girl on
May 29. The couple will live at
Pine Falls, Man."Eternally

sent time on a short visit is her
sister, Mrs. H. Batchelor, of Van-
couver.Registered at the National Hotel
at the beginning of this week
were: Mr. and Mrs. B. W. Buchan-
an, Hotel Vancouver, Vancouver;
Mr. and Mrs. C. Sablin, Winfield,
Alta.; H. Skogman, Winfield, Alta.;
Miss H. M. Hindson, Winnipeg; A.
O. Lepine, Saskatoon, and E. Med-
erman, Edgewood, B.C.Lieut. N/S Alix Dault, R.C.A.M.C.,
returned to Canada on Tuesday, the
de France and arrived in Vernon
on Tuesday of last week. She is
spending disembarkation leave with
her mother, Mrs. A. J. Doull, of
this city. While overseas she was
posted to No. 22, Canadian General
Hospital, Bramshott.Rev. Russell T. Self, minister at
Knox Presbyterian Church, Ver-
non, left on Tuesday for Toronto
where he will attend the Annual
Assembly of the Presbyterian
Church. While he is in Toronto,
Mr. Self will spend two weeks with
his family who reside there. He
expects to be away for a month.John Lemski, W. D. McTaggart
and Russell Neil returned to this
city on Tuesday from Nelson where
they attended the annual provin-
cial conference of the Kinsmen
Club. They report that the con-
ference was an outstanding suc-
cess and speak highly of the hos-
pitality they received in the Koot-
enay city.Ken Carmichael, C.P.R. district
freight agent here, left on Tuesday
for Nelson where he will assume
similar duties. His successor in
Vernon, Walter G. Henderson,
formerly travelling freight agent
in Vancouver, arrived on Monday.
Mrs. Carmichael and children will
remain in Vernon until Mr. Car-
michael can make arrangements
for them to join him in Nelson.Armored Regiment Squadron
To Discuss July Exercise"A" Squadron, 8th (R) Armored
Regiment, will parade as usual in
the armories Friday evening at
7:45.The first hour of the parade will
be devoted to discussion of the large
scale reconnaissance which is sched-
uled for the first week in July.
Following that until 10 o'clock will
be a drivers' course. All personnel
intending to go on the week's ex-
ercises are being asked to attend
this week's parade, as all plans will
be discussed. Dress for parade will
be summer drill and berets.The farm help situation in Sas-
katchewan has improved by about
25 per cent over a year ago, but is
still a long way from being nor-
mal, the Minister of Agriculture
has announced.World Peace
Seen Through
World ReligionWorld peace through world re-
ligion was visualized by Mrs.
Charles Reed Bishop in addressing
a meeting of followers of the
Baha'i Faith here on Thursday
evening of last week.Fear as a basis of universal peace
has been the basis of all wars
and discord between nations.
The answer, Mrs. Bishop de-
clared, lay in a world-embracing
religion. The Baha'i Faith,
which had its origin in Persia
in 1844, embraces the spiritual
teachings of all faiths but de-
clares the prejudices and sects
that have grown up in the
principal religions of the world's
peoples."We are not interested in theo-
logical wrangles," she declared.
The Baha'i Faith seeks to break
down the barriers between religions
and to achieve one humanity,
a universal humanity in which the
spiritual values of all religions are
accepted. These values, she said,
are similar in all the major re-
ligions.Mrs. Bishop is a speaker of in-
ternational reputation. She made
her headquarters in Geneva before
the war working through the
Baha'i Bureau in the field of in-
ternational relations. She is now
overseas in a lecture tour through-
out Canada after attending the In-
ternational Baha'i Conference in
Wilmette, Ill., in April.One of the points made by Mrs.
Bishop was that the Baha'i Faith
serves as a common meeting ground
for people of different religions and
varying sects within the same basic
religion.Mrs. Bishop is a speaker of in-

Men Steal Tent, Blanket, Haversack During Falkland Empire Day Celebrations

Theft of a tent, two blankets and a haversack brought Gordon Guy Bissell and Gordon Hewlett before Magistrate William Morley in stipendiary court Monday morning.

Bissell was fined \$75 with the alternative of three months' imprisonment and Hewlett was fined \$50 with the alternative of two months.

The theft occurred at Falkland on Friday during the Empire Day celebrations. The men were apprehended by police in Vernon.

Both pleaded guilty to the charge. Bissell had a previous conviction on the police records.

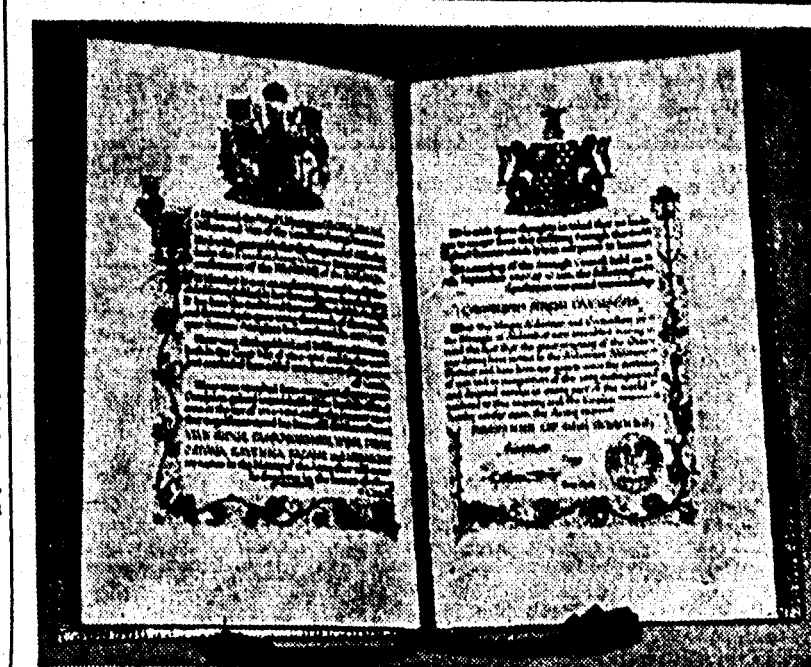

Milk Commissioner To Be Appointed Before July 1

On July 1, British Columbia will enter into the milk price fixing field when a one-man board will be appointed to take control of milk distribution as a public utility.

The commissioner will be appointed well in advance of July 1 so that he will have ample opportunity to set up his organization. In the meantime, a two cents a quart increase in the price of milk appears inevitable as a result of the Dominion Government's decision to remove the subsidy.

This magnificent leather-bound illuminated parchment scroll conferring the Freedom of the Borough of Aldershot, England, on the Canadian Army has been received in Ottawa where it will shortly be displayed at the Canadian War Museum.

Parent-Teachers Group In Session at Enderby

ENDERBY, May 29.—There was a good turnout at the Parent-Teachers Association meeting held in Fortuna School on May 29. It was decided to look into the matter of a school nurse, as compared with a Public Health Nurse for this district. An address was given by A. Thomas, Enderby High School Principal, who spoke on the Cameron report.

Since the implementation of the report and the adoption of the system, Enderby will be part of the Armstrong School district No. 21. Mrs. C. Lidstone read several resolutions passed at the Provincial Parent-Teachers Federation Convention held at Vancouver recently.

Mr. and Mrs. J. J. Hildebrand, who have been visiting Dr. and Mrs. J. Kope for the past seven weeks left recently for Richard, Wash. Prior to their departure, they received word that mission-aries have now been granted permission to enter Nigeria. Mr. and Mrs. Hildebrand have spent several years in Africa, but their work came to a halt owing to the war.

The sum of \$71 was turned over to the Red Cross Society from the Trinity Valley School after tea and bazaar. After several weeks of preparation on the part of the 12 pupils, their parents and teacher, Mrs. N. Kope, this splendid sum was raised. The school room was decorated with wild summer flowers, a good selection of hand made articles were on display and the novelty "lamb" cakes, made by Mrs. L. Weir, brought in a good sum.

The Baptist Church was packed to capacity on Sunday morning when Rev. E. V. Apps conducted the service. Mr. Ebanon was soloist. On Friday, the local Young People's Society were hosts to Vernon members. A treasure hunt was one of the items, on the program, which proved to be a freezer of ice cream. In the evening there was a confire and a wether roast.

Mr. and Mrs. G. W. Salmon Arm spent the weekend visiting the latter's parents, Mr. and Mrs. R. Vogel. St. Andrew's United Church congregation heard a report on Sunday morning by Mrs. J. R. Blummenauer of the United Church Conference recently held in Vancouver.

A.A.A. Nears Objective
Rev. F. Sharman has announced that to date \$900 has been raised for the Anglican Advance Appeal. Mr. Sharman states that this sum has been collected from the district and raised without assistance from the town. The local parish is still to be canvassed with \$880 the quota set for Enderby.

The Enderby Halg Chapter I.O.D.E. held its regular meeting at the home of Mrs. A. Thomas on Friday.

There was a good attendance. Regent Mrs. E. N. Peel thanked the members who had assisted with the Easter Monday Mace, and made it such a financial success. Treasurer Mrs. W. Panton reported that approximately \$25 had been taken in from the affair and the chapter now has on hand \$323.93.

It was decided that the June meeting be the final social event of the season. It is to be held at the home of Mrs. E. N. Peel. Hostesses assisting are Mrs. H. Logan, Mrs. C. Lidstone, and Mrs. W. Panton. All members of the Chapter will be invited to attend.

It was with regret that the regent announced the loss of two valuable members, Mrs. F. W. Sharman, who has served most efficiently during the past few years as Empire Study Convener, and Mrs. W. J. Solder. Mrs. Sharman goes to Revelstoke and Mrs. Solder will soon leave for her new home at Grand Forks, Ontario. They were presented to these members.

Before the close of business the regent gave her report of the annual I.O.D.E. Convention which she attended in April.

Tennis enthusiasts are viewing the recent work on the new tennis courts with approval. Earlier in the season, tennis representatives approached the City of Enderby asking for permission to begin operations on a new tennis court on the Old Recreation Grounds. For it was felt the old courts were in no condition to be re-built. Permission was granted by the Council, and work has since been under way. A bulldozer has cleared and leveled the area set out for the court. The building parallel with the court, running parallel with the west side of the Park 11, is hoped now to have the grounds hard-surfaced. Now wire netting will be put around the courts, and it is hoped that interest will be shown this year.

Before the war Enderby fans took a keen interest in the game, and players from all parts of the valley tried to take part in local matches.

British minceweavers have started to clear the big bluffs held at the south entrance to the Fraser Sea to reopen the area to over-seas and coastal shipping.

Charge Of Statutory Offence Involves Armstrong Resident

A married man and father of three children, Allan Nash, has been charged with a statutory offence in Armstrong. He will appear before a preliminary hearing, presided over by Magistrate J. Z. Parks, Friday morning.

The alleged offence involves an 18-year-old girl and was committed Wednesday evening, May 22. The young woman made a complaint to the B.C. Police and the charge was laid following investigation.

Frank Smith, of this city, will conduct the case for the prosecution and C. W. Morrow will represent the accused.

I.O.O.F. in City Raises \$1,823 For Red Cross

Of the \$50,000 contributed to the B.C. Division of the Canadian Red Cross Society by members of the Grand Lodge, Grand Encampment and Rebekah Assembly of the Independent Order of Oddfellows for B.C. during the past six years, \$1,823.15 has come from Vernon Valley Lodge, No. 18, I.O.O.F. Of this sum, \$1,304.50 has been donated by the Lodge, and \$518.65 by the Kalamalka Rebekah Lodge.

With the recent presentation of a cheque for \$4,000 from the Grand Lodge, I.O.O.F. of B.C. to P. S. McKergow, B. C. Red Cross president, the total donations to this organization since 1940 amount to \$46,050.

The amount raised in Vernon has excluded raffish, draws or public appeals. It is comprised of donations and the results of dances and other social functions. E. G. Sherwood recalls that the idea originated when the Lodges were assembled at Revelstoke early in the war. Sums from B.C. Lodges have been turned in to the Red Cross Society for whatever of its projects was the most urgent. These have ranged from ambulances to prisoner-of-war parcels.

The Lodges will continue to raise money. It will shortly be decided for what cause their donations will now be used.

Goldenberg Provincial-Municipal Hearings Over

H. Carl Goldenberg, sole commissioner inquiring into provincial-municipal relations, has concluded his hearings insofar as municipalities and other public organizations are concerned, and will shortly leave for the East. Upon his return, however, it is expected that he will hold a hearing to receive evidence presented by the Provincial Government as to assistance rendered by municipalities and organized districts.

Following the presentation of this brief, Mr. Goldenberg will then prepare his report for submission to the Government.

New Representation From Salmon Arm on Creamery

E. W. Stewart, who farms the old Palmer place west of Salmon Arm, has been invited by the Board of Directors of the Okanagan Valley Co-operative Creamery Association to sit on the Board and represent the farmers of the Salmon Arm area. The Association has approximately 135 members in the Salmon Arm district and they own over 7,000 shares in the Association.

N. S. Minlon, previous director resigned owing to pressure of his duties as manager of the Salmon Arm Farmers' Exchange.

Kedleston News Items

KEDLESTON, May 26.—Ronald Quesson spent the holiday week end at his home in Lumby.

Paying a surprise visit recently at the home of H. M. Hiltchcock, his brother-in-law, James O'Connell, of West Vancouver, was on a motor trip through the Okanagan.

Mrs. Howden, Sr., has been a patient in the Vernon Public Hospital. She has now returned home somewhat improved in health.

Bernard Pow, with Mrs. Pow and their three children of Swan Lake, were Kedleston visitors on Sunday.

It is understood that Ray Friesen and family have left this district for the Coast.

New Owners for Ewings Landing Ranch Property

EWING'S LANDING, May 28.—An old and well-known property "Highlands," about a mile west of Ewing's Landing, once the property of Mr. H. Holchuhon, son-in-law of Mr. H. K. Keenon, was purchased recently by Henry Hoffman, who has been living at Nahm for several years.

Mr. Hoffman has just completed the planting of three acres of tomatoes which he is growing for the Nahm Cannery. He has also planted two acres of onions, and three acres of potatoes. In by-gone years very fine black-currant crops were grown at "Highlands." Mr. Hoffman may grow strawberries as the soil and situation is well suited to this crop, but before doing so some method must be devised to curtail the ravages of deer, as strawberry plants and black-currant bushes are relished by these animals. "Highlands" has two fine sloughs on the property. Mr. and Mrs. Hoffman and their small daughter are moving to their new home soon.

Fred Melanchuk has purchased the property of Arthur Holding south of Ewing's Landing and, with his wife and three children, is taking up residence there this week.

Mr. and Mrs. Christian Fleuron left for their new home at Sicomous on Wednesday of last week. Percy Henke, of Vancouver, recently discharged from the Army, has taken up residence at Ewing's Landing. He is the son of Mr. and Mrs. A. J. Byers. Mr. Henke is looking for a suitable location in order that he may make his permanent home here. He is now assisting Mr. Byers to erect a new store building and home on the highway near the school.

It is expected the store building will be completed in about two weeks time, when the present store, which has been situated on the lakeshore for many years will be closed, and operations continued at the more convenient location for motor traffic.

Mr. Byers and Mr. Henke will then proceed with the erection of a Repair Garage and Service Station, a service badly needed in this country. Mr. Henke is well known in Vernon, having spent two years there with the Battle Drill School.

School Friends Of 50 Years Ago Reunited at Mara

MARA, May 27.—School friends of over 50 years ago were reunited here this week during the visit to Mara of Mrs. A. Eason, of Gravenhurst, Ontario. She was the guest of Mrs. M. B. Davy with whom she attended school many years ago. She left on Saturday evening, after a week's visit, to join her daughter who is teaching school at Fort Simpson.

Pte. Teddy Fitzgerald, of the Vernon Military Camp, accompanied by several friends, were visitors on Sunday at the home of Mr. and Mrs. Sam Cuddy.

Mrs. Doris Beck and two sons, of Enderby, spent the weekend at the guests of her cousin, Mrs. Chris Kilt.

Congratulations are being extended to Mrs. Laurence Hattagren on the birth of a son in the Enderby Hospital on Thursday of last week.

Mrs. Len Screen and family were Enderby visitors last Saturday. Mrs. T. B. Johnson and family, accompanied by Mrs. C. Kilt and children were visitors to Enderby on Saturday.

Miss Rita Foote, of Vernon, spent a few days here with her grandparents, Mr. and Mrs. John Robertson, returning home on Sunday.

Mrs. Mark Wakefield and children, of Vernon, are visiting Mrs. Wakefield's father, Fred Dean, on the Mara-Sicomous road. Mr. Wakefield arrived by train on Saturday to spend the weekend.

Mrs. Harold Ansteth, baby son returned home last week from Kelowna where they spent the past three weeks with relatives.

Mr. and Mrs. H. H. Barr, of Gleneden, were business visitors to Mara last week.

Maj. W. R. Critchley Inspects Army Cadets at Peachland

PEACHLAND, May 25.—The annual inspection of the Peachland Army Cadets took place on Monday, May 11, with Major W. R. Critchley, inspecting the unit. After inspecting the general salute and inspection of both the boys' and girls' companies, Major Critchley watched the cadets progress in their various courses and activities.

Enderby Parish Bids Au Revoir To Its Minister

ENDERBY, May 28.—Over 120 members of St. George's Church congregation gathered on Sunday evening to bid au revoir to the vicar, Rev. F. W. Sharman, who has accepted the parish of St. Paul's, Revelstoke.

A full choir rendered special music for the service. Assisting Mr. Sharman was the newly appointed vicar, Rev. E. M. Yerburgh, who, with his wife and two sons, arrived in Enderby on Saturday from Victoria.

Mr. Sharman, in his farewell sermon, spoke of the success and co-operation he had received since the vicar, Rev. F. W. Sharman, who, with his wife and two sons, arrived in Enderby on Saturday from Victoria.

After the evening service, congregation members and friends gathered in the Parish Hall, where they were received by Miss Sally Walker. Addresses and a presentation to Mr. and Mrs. Sharman in appreciation of their ministry in Enderby were made. Harold Bawtree was chairman during the evening. The new vicar and his wife were introduced.

Accompanying S. Douglas Finlayson and his party from Sicomous was Mrs. R. W. Wright, who gave an address of commendation and a prayer. This was followed by one from Miss M. "Queenie" Parkes on behalf of the Sunday School; Miss H. Rosoman of the Sanctuary Guild; Mrs. C. Lidstone, president of the Women's Auxiliary; Mrs. Morton, representing the choir. Greetings and regrets from Malakwa congregation were sent by Miss L. Owen. O. E. Harvey spoke as president and representative of the Men's Club and H. Bawtree on behalf of the Church committee.

Greetings were compiled in booklet form, with a photograph of St. George's Church, the work of Miss Parkes, and presented to Mr. and Mrs. Sharman. Mr. Bawtree, on behalf of the congregation, presented them with a standard lamp and tea wagon, and a money gift for their two sons, Arthur and Cecil. The honorees thanked the congregation, expressing their regret at leaving Enderby, and hoping that friendships made during their ministry there would be continued.

Grindrod News Items

GRINDROD, May 27.—W. J. Vernon, spent a few days recently visiting relatives here.

Mrs. N. L. Anderson, accompanied by June and Carl, were business visitors to Vernon recently.

Mrs. L. H. Anderson and son Robert Anderson, of Kamloops, spent May 11-12 visiting relatives here.

Mr. and Mrs. J. Lamber have returned to Sicomous after spending a week visiting Mrs. H. M. Wells. E. Hunter returned to Calgary on May 10 after spending a few days here.

Mr. and Mrs. F. Wolf returned a few days ago after an absence of five years during which time Mr. Wolf served in the army. Their return has been welcomed in Grindrod.

Aerial Spraying

(Continued from Page One)

ation offers a definite timing advantage and aerial application eliminates the necessity of moving ground equipment through a heavily propped orchard at the time fruit is practically mature.

That aeroplanes are steadily being adapted to new uses and undoubtedly will be in common use in the future for spraying or dusting Okanagan orchards, was a further statement by Mr. Ward.

As an example of the adoption of this method of applying spray in the Yalton growing district, Mr. Ward states that the Central Aircraft Company of Yalton started with one plane three years ago and now has nine. "But even so, they are too busy this year to spare equipment for work in British Columbia," he declared.

"It must be pointed out that spraying or dusting for the control of codling moth has not been found feasible," continued Mr. Ward. Before successful results can be obtained it will be necessary to obtain an improved insecticide or improved aerial spraying equipment or both. This phase of the work is being followed closely by members of the Dominion Division of Entomology, Fruit Insect Investigations.

Extensive aerial spraying is being done in the State of Washington, where zinc sulphate is being applied to correct a zinc deficiency in orchards. This is applied in the dormant period as a saturated zinc sulphate solution at the rate of about 10 gallons to the acre.

It is necessary that the plane flies just above the tree-tops so that the spray does not crystallize out by drying before it covers the tree. Aeroplanes are used extensively throughout the world for applying pesticides and in many fields of entomology have proved highly successful, Mr. Ward declared.

Band Shell Building Head Named
At a directors meeting of the Lions Club held Monday night, Arthur Paget was appointed chairman of the Band Shell Committee to investigate and formulate plans for its construction.

Coldstream

(Continued from Page One)

We would have to carry 12 percent of the cost.
"If we have gained anything by our representations, it may be that we have established that our land assessment is on a high basis and when the time comes for reassessment this district's will be left as they are or lowered."

As a result of the increased school costs, the plan of the municipal council for expenditure of approximately \$6,000 on roads has had to be abandoned.

An iniquitous load is placed on us in assuming part of the bonded indebtedness of the City of Vernon which is approximately \$170,000 with annual carrying charges of \$9,000, said H. P. Coombes. "It seems to me utterly wrong that any body of people should shoulder part of a debt for the insurance of which they had no voice. To ask us to assume a share of Vernon's debt is wrong and I ask a strong protest from this municipality."

It was Capt. Coombes's suggestion that Coldstream's school tax should not exceed the five mills recommended by the Board of Education to be levied against land and 75 percent of improvements.

He also said that teachers' salaries should be kept to the scale set down by Dr. Cameron. That Coldstream was not included in any way before being included in Vernon School District No. 22 was a matter to which Capt. Coombes took exception. His remarks found support from one or two other speakers as did his remarks on school board representation.

He said that he was dissatisfied with the composition of the school board in which Vernon had four members to three from the remainder of the district. He suggested as an alternative board in which Vernon would have four trustees and the remainder of the school district five.

Reeve Browne drew attention to the fact that Vernon pays 64 percent of the school district's costs, Coldstream 12 percent and the remaining 24 percent by the rest of the district. Representation is apportioned on the basis of the cost borne by each unit within the district.

A. T. Howe remarked, "At the same time we are at the mercy of the Vernon district."
C. M. Watson said, "The greater part of the revenue of Vernon is contributed by people outside yet they have little representation in Vernon. That is a very strong talking point."

Capt. Coombes was asked to draw up motions embodying the essence of his remarks for submission to the meeting. This he did and they were passed almost unanimously.

A considerable portion of the meeting was devoted to discussion on two money by-laws which are to be submitted to Coldstream ratepayers next Monday, June 3. The circumstances regarding the by-laws were outlined in a brief presented to the meeting by the council.

Extracts from this brief read: "A very desirable development is now projected in the subdivision of the former Indian Reserve at the Northeast end of Long Lake which property is now part of the Municipality of Coldstream."

"The plan of sub-division which has been submitted to your Council, calls for 102 residential lots one-half acre each, a tourist cabin site and the excavation of an artificial lake in the low part of the property."

"This sub-division will be registered this year and will have an assessed value of \$87,000 and will produce from tax on land, \$2,010 per annum which revenue will increase as buildings are erected."

"A first-class tourist camp and nine houses were projected for construction on the sub-division this year, but on account of delay in securing heavy machinery to excavate the artificial lake, raise the level of and grade the property, also the uncertainty of building supplies due to strikes, the major portion of this may have to stand over till next year."

"When completely developed, there is indicated a tax revenue of over \$6,000 per year and revenue from sale of land of over \$2,500."

"The Syndicate has undertaken to survey, clear and prepare the

Armstrong Comings & Goings

ARMSTRONG, May 29.—Returning last week from Vancouver, where they attended the graduation of their son, Roy, who has been taking a course in animal husbandry at the University of British Columbia, Mr. and Mrs. Stanley Noble were accompanied by their son and daughter-in-law, Mr. and Mrs. Roy Noble, also their daughter, Miss Doris Noble. Since arriving home Miss Noble, who recently graduated in Home Economics at the University of Manitoba at Winnipeg, has received the results of her examinations showing that she has passed with first class "A" honors, which means her average was over 80 percent.

Among the 150 wives and children of B.C. veterans scheduled to arrive at Halifax aboard the Queen Mary on Monday of this week was Mrs. Alexina Hawkins and daughter, Margaret. Mrs. Hawkins is the wife of Frank Hawkins, a local man who has returned from overseas, received his discharge and now on the Police Force in Kelowna.

Mr. and Mrs. Vernon McFarlane moved last week from the rooms in the Fire Hall to the Glacial residence on Pleasant Valley Road.

Mr. and Mrs. R. Findlay and family of Kamloops have been visiting relatives in this city.

Mr. and Mrs. Gordon Sidney spent Sunday in Kamloops.

At a recent meeting of the Power House Road Circle they decided to hold a public garden party at the home of Mr. and Mrs. W. J. Horner on Thursday, June 13. Besides serving tea there will be home-cooking and plants for sale.

Miss Lauretta Terry, who has been a guest at the home of her sister, Mrs. Bob North, left Monday for her home in Saskatoon.

Desmond Collis with two friends from Spokane, spent the week end at the home of the formers brother, Maurice Collis.

Mr. and Mrs. R. W. Howie are guests at the home of the latter's parents, Mr. and Mrs. Floyd Hunter. Mr. Howie, who has recently received his discharge from the R.C.A.F., stationed at Dartmouth,

road surface for grading and graveling. In order to secure this revenue, the Municipality will have to grade and gravel slightly over one mile of 30-foot road, construct two bridges and install two culverts at a total estimated cost of \$6,575.00.

"The Municipality of Coldstream is also asked to lay 5,480 feet of 4 inch pipe and 850 feet of 1½ inch galvanized pipe on the subdivision itself and 3,300 feet of 4 inch on the reserve road between the Hooser Corner of the public beach together with all service connections, stop-cocks, meters, etc., at a total cost of \$14,070.75."

"In other words, for an expenditure of \$20,645.75, the Municipality can secure an immediate revenue of \$2,010.00 per annum which will rise to a revenue between tax and water sales of from \$5,000.00 to \$8,500.00 per year."

"Your Council strongly favors this proposition which will eventually increase the total revenue of the Municipality over 25 percent."

"While the main portion of the Lavington pipe between the road and the intake was re-laid last year, there still remains 2,700 ft on the upper end which was not included in this program."

"It now appears that this 2,700 feet is in poor shape, is partly blocked with roots and your Council feels that this must be replaced this year so that the residents who depend on the Lavington system for water will have a dependable supply."

"This replacement will cost \$3,234."

"Your Council will be placing the next few weeks, two by-laws authorizing us to borrow \$18,000 for water installation on the new sub-division and for the completion of the Lavington intake line, the other by-law for \$7,000 for ten years, covering grading and graveling of roads and construction of bridges and culverts."

"You will note that the annual payments required for interest and retirement of principal at no time exceed the annual revenue which will get from the new sub-division and that there is every indication that at an early date the revenue from this sub-division will be two to three times what is required to retire these bonds."

Reeve Browne said that he wished to make one point clear and that was that no member of the council had any financial interest in the subdivision, contrary to what had been said in "one or two places."

"I strongly approve, I think it is a very good piece of business," was the opinion expressed by Dr. W. Jackson.

"It is just a speculation and I suggest that the syndicate put in the roads and we eventually take them over," said C. Rome.

J. A. Bishop felt that if the scheme were speculation, then the municipality would be speculating also by laying in the water and providing roads. "What is going to happen to the municipality if it fails?"

J. T. Mutrie, speaking for the syndicate developing the sub-division, said, "We have agreed to register the plan of sub-division this year and will be responsible for the taxation." In answer to queries regarding sanitary arrangements for the property, Mr. Mutrie said that the North Okanagan Division Unit Inspector had looked over the property and the arrangements were "perfectly satisfactory to him."

The long discussion was brought to a head by a motion submitted by J. T. Gravelle and seconded by J. T. Fowler approving the sub-division scheme. This was passed by the meeting with less than six dissenting votes.

The by-law providing for the division of the municipality into two wards for election purposes was given unanimous approval by the meeting. Unanimous approval was also given to the council's proposal that reduced water rates in excess of the minimum be given during the months of June, July and August for garden purposes.

Other resolutions urged the discontinuance of daylight saving time. Government assistance in respect of drain tile at reasonable prices, bounties on predatory animals increased to \$50 for wolves, \$40 for coyotes and \$25 for cougars with the hunter to keep the pet, and associated with the pet, and a representative of agriculture on the B.C. Game Board; classification of the Salmon Arm District as a T.D. Free area; that District "C" be made a Warlike Free Area through compulsory treatment of livestock on game land for farm work and instead use of marked gasoline; equalization of express rates on fruit and eggs from North Hill to Kamloops with purity to go from Salmon Arm to Kamloops; improvement of the side roads in the Eagle Bay district, and removal of the B.C. Pat regulations imposed by V.P.

N.S. has accepted a position in the Vernon district.

Mr. and Mrs. Charles Tillipough left Thursday to spend six weeks visiting friends and relatives at Prairie Point.

Miss Mary Aslin, who has been attending North West Bible College at Port Couillard, arrived last week to spend the summer at her home here.

At the sessions of the B.C. Conference of the United Church of Canada it was announced that Miss Hazel Lockhart of this city had been chosen one of the delegates from B.C. to the National Young People's Council to be held at Belleville this summer. Friends will be interested to know that Miss Merle Geake, up until last June, Home Economics teacher in this city, and now of Vancouver, has also been chosen.

Mrs. G. Storey returned Monday to her home in Vancouver, after visiting at the home of her daughter, Mrs. F. Shore.

Mrs. W. Kalke and two children arrived here Saturday from England. Mr. Kalke returned a year ago from Overseas and made a home on the Babbs property.

Mr. and Mrs. Don Fraser and three children of Shawinigan Lake, Que., the latter's sister and brother, Miss Edith Field, Harold Field, Miss of Seattle, spent the week end at the home of Mr. Fraser's parent, Dr. and Mrs. W. F. Fraser. Mr. Fraser will spend a couple of weeks with his parents. The others left Sunday morning for Seattle.

Farmers Hint

(Continued from Page One)

stressed the fact that thousands of acres of rich land could be made available for new production in District "G" which extends from North Hill to Revelstoke and south to Kamloops.

Along with this another resolution from the Malakwa area asked that the ditching situation in that area and another area similarly affected by silting be investigated.

It was felt that the Prairie Farm Reclamation Act, which is likely to be extended to include British Columbia, and the survey to be conducted by the B.C. Department of Lands into irrigation, dyking and ditching could be utilized in carrying out the purposes set forth in these resolutions.

Strong protest was made against the sudden increase in the price of farm machinery authorized by the W.P.T.B.

The delegates strongly supported the proposal that an agricultural school be established in the interior patterned after the farm school at Olds, Alberta.

Increase of the selling price of butter to 60c a pound was advocated. Some of the delegates claim that this figure was under cost of production. This resolution will be forwarded to chairman, Donald Gordon of the W.P.T.B., the Dominion Minister of Agriculture, Hon. James G. Gardiner, and the president of the Canadian Federation of Agriculture, Herbert Hannam of Ottawa.

The convention reaffirmed its resolution of last year on its subject of school taxation and will again recommend to the government that the school tax be eliminated from the land and be a direct charge on the consolidated revenue of the province or be collected by a tax on income.

While there was some criticism of the per your charges to be made for the land clearing machinery the majority opinion was that these rates were reasonable. It was however agreed that the interest rates on the deferred payments were too high and that the time payments should be extended from two to five or even 10 years.

Development of two water power projects on the Columbia river, one reputed to have a potential 31,000 h.p. and the other a 30,000 h.p. will be sought. A. S. Parker of Revelstoke and said that the Columbia river power was developed it could be extended south to Windermere and on farther to hook up with the west Kootenay Power lines and the North Okanagan power lines to the west, thus insuring along with the Adams River project, adequate supplies of electric power for the interior.

Engle Valley electrification from Simoom to Tift was requested by the Solana P.I. and this request was endorsed.

Regarding secondary roads, a resolution was passed by the Minister of Public Works urging that secondary roads in District "G" be given the attention they deserve with a view to facilitating primary production. Mention was made of the damage to fruits and vegetables where the secondary roads were not properly organized.

The department of public works will be asked to transfer the half mile of road between the Eagle Valley School and the Simoom Ferry to the Revelstoke district.

The convention decided that the Personal Property tax was an unfair burden on the dairy and mixed farmers and will request its abolition.

Other resolutions urged the discontinuance of daylight saving time. Government assistance in respect of drain tile at reasonable prices, bounties on predatory animals increased to \$50 for wolves, \$40 for coyotes and \$25 for cougars with the hunter to keep the pet, and associated with the pet, and a representative of agriculture on the B.C. Game Board; classification of the Salmon Arm District as a T.D. Free area; that District "C" be made a Warlike Free Area through compulsory treatment of livestock on game land for farm work and instead use of marked gasoline; equalization of express rates on fruit and eggs from North Hill to Kamloops with purity to go from Salmon Arm to Kamloops; improvement of the side roads in the Eagle Bay district, and removal of the B.C. More Inducement to Eradicate Predators Is Urged Here

Grindrod Community Says "Welcome Home" to Vets

GRINDROD, May 27.—A "Welcome Home" social evening was held in the Grindrod Hall on Friday, May 17, in honor of the returned men of Grindrod and district.

The first part of the evening was taken up by a twelve-table Whist tournament followed by an excellent supper. Prizes for the whist went to Jimmy Emery, consolation prize to Mrs. A. Fyall. Servicemen's awards to Walter Bennett and Pete Thielman.

Dancing occupied the remainder of the evening. Two spot dances were held and the winners were Miss Mary Strlichuk and Tom Maksymchuk and Mrs. M. Smaha and Dennis Woolam.

During the supper intermission L. Lowes made an address of welcome to all the servicemen present. Marie Billick and Mrs. S. J. Billick spent a few days recently at the home of Mr. and Mrs. D. Billick.

A. Tomkinson, who recently returned to the district is building a new home here.

Demand for Quality Furs

Recent auction sales of top quality Canadian wild and ranch furs sold at record prices. Fur coats for next winter such as the one this attractive model is wearing will cost more than last year. Top grade fox furs of the new types also shown here sold at about the same as 1945 prices.

Fifty Wild Geese Seen May 24 in Lavington Area

LAVINGTON, May 27.—A flock of over 50 wild geese were seen on May 24 flying in a perfect "V" formation over Lavington store with the loud "honk-honk." It is presumed they were on their way to the prairie.

Cougars, Coyotes Deplete Game and Food Supplies, Vernon Sportsmen State

A policy that will conserve British Columbia's food supplies for the urgent uses of a starving world and for the essential needs of people of this province is sought by the Vernon and district Fish, Game and Forest Protective Association.

The group stresses the "meagre measures" taken by the B.C. Game Commission in the way of bounties to protect both livestock and valuable game.

Predatory animals have been increasing so rapidly and covering so much more territory than formerly, that stockmen, including beef cattle and sheep producers, have been reducing their herds and flocks.

The B.C. Sheep Breeders' Association, at their annual meeting in Chilliwack, made a renewed plea to the B.C. Government to set higher bounties for cougar and coyotes especially, to give them (Continued on Page 12)

Cancellation Milk Subsidy Explained

Explaining why the Wartime Prices and Trade Board has decided to cancel the consumer subsidy on fluid milk on May 31, Donald Gordon, chairman, stated that it had cost approximately \$20,000,000 a year since its inception in 1942. In 1945 increased milk consumption sent the subsidy up to twenty-one million dollars. In addition, there are operating costs of more than \$500,000 a year.

The operation of the subsidy means individual payments to more than 25,000 milk distributors. The subsidy has saved consumers two cents a quart on milk but after May 31st the general public will have to meet this charge.

In 1944 about 15 percent fewer people on farms in the United States produced 50 percent more products than during World War I.

Rutland Scouts Attend International "Camporee"

RUTLAND, May 27.—Twenty Rutland Scouts, under Assistant Scoutmaster Alan Elliot, attended the International "Camporee" at Oliver from Friday, May 24, to Sunday, May 26. Transportation was provided by C. G. Montgomery, who loaned his truck for the journey, the Beavers, under PL. William Eusebi, the Foxes, under PL. Hugh Fitzpatrick, and the Seals, under PL. Tony Brummet.

The boys had a wonderful time in spite of heavy rains on Saturday afternoon. Scoutmaster Gray visited the camp on the Saturday and attended the campfire in the evening when over 250 boys gathered around the fire circle for a sing song, skills and other turns by the various troops.

At a meeting of the Park Society on Wednesday last, arrangements were made for the installation of the pipes for the watering system. A public meeting will be held next Thursday to arrange for the annual Rally Day sports.

In the Central Okanagan Baseball League the Rutland Bluecaps went into the lead in the standing of teams by defeating Winfield on Tuesday evening 3-1, in a pitchers' duel between Murphy of Winfield, and Lingor of Rutland, both lefthanders. The Bluecaps followed up with a 9-1 victory over their local rivals, the Redcaps, on the Thursday evening.

The senior ball team journeyed to Summerland on Friday to take part in a tournament. They lost out in the final round to Summerland 9-3. The last two innings were played in a downpour of rain.

Rutland school softball teams journeyed to Westbank on Wednesday last for friendly games with the pupils there. Both the girls and boys teams returned victorious. A tournament is planned for Saturday, June 1, at Rutland with teams from Vernon, Rutland, Kelowna and Westbank.

Senior Nine Wins

Rutland's senior ball team defeated a team from Caverton on Sunday afternoon in a South Okanagan League contest. The final score was 5-1 for the local nine. As the park field was disrupted with a ditch for the installation of the watering system, the game was played on the old diamond on the Airport site. Wostradowski and Koga did the chugging for Rutland, and in the fourth inning the locals took the lead and were never headed.

Next Sunday the boys go to Pentiction to play that city's "B" team.

Forms Ready For Government's Land Clearing Scheme

In respect to the Department of Agriculture's Land-Clearing Policy, all persons desiring to have land cleared under this plan are advised to obtain Application Forms from either the secretary of the local Farmers' Institute, or from the office of the District Agriculturist at Salmon Arm. As soon as these forms are completed by the applicant, they should be sent to the District Agriculturist.

Local Advisory Committees have been chosen from names submitted by various agricultural organizations, and the District Agriculturist is a member of each Committee. When a suitable number of completed forms have been received, the Advisory Committee will review them and recommend action according to the decision reached. From information received from the Director of Land Clearing, no action towards the commencement of this work is likely to be taken until a sufficient amount of work is in sight, so all interested persons are urged to complete their applications and submit them to the District Agriculturist at Salmon Arm, J. M. Manning. It is time this work was commenced if any benefit is to be obtained this year, so immediate action is necessary on the part of those interested.

There is just a 60-cent difference on today's markets for the hog that England wants and the kind that England won't take when conditions are right—normally. Minister Hon. T. L. Kennedy, Ontario Minister of Agriculture, in a recent address, Buteh, a spread he characterized as "ridiculous" and offering no encouragement for the production of the hog.

See yields of corn have been stopped up about 20 percent with the introduction of hybrid corn.

New District Agriculturist For Salmon Arm and District

SALMON ARM, May 27.—As from May 1, the District Agriculturist's Office at Salmon Arm has been taken over by J. E. Manning.

Mr. Manning came from England as a boy and worked on various farms in British Columbia. After serving four years in the Army in the first World War, he farmed for himself for two years. He received his technical training from the Manitoba Agricultural College, and joined the Dairy Branch at Victoria in 1928. After 13 years with it, he was appointed District Agriculturist at Prince George and was there for five years, until his transfer to Salmon Arm recently. His family expects to join him by the end of June.

A 20-year-old Welsh cob mare, Black Bess, winner of many prizes in Britain, gave birth to a foal in April after being out of doors all winter.

G. L. Landon Named Poultry Commissioner

On his return from Ottawa, Hon. Frank Putnam, Minister of Agriculture, has announced the promotion of G. L. Landon, B.S.A., to the position of Poultry Commissioner, succeeding J. E. Terry, who is retiring at the end of May after 36 years of service with the Department of Agriculture.

Mr. Terry joined the Provincial Agricultural staff in December, 1910, after serving with the Ontario Department of Agriculture at the O.A.C. in Guelph for a number of years. Mr. Landon enters his new position with 20 years' training in the Provincial Department of Agriculture to his credit as he was first employed with the Poultry Branch in 1926 on graduation from the University of British Columbia. He served as Poultry Inspector for the Kootenay districts with his headquarters first at Nelson and later at Grand Forks. He is best known to Fraser Valley farmers as District Agriculturist for he had had charge of this work in the Lower Fraser Valley for the past eight years.

The Minister points out that the poultry industry is now one of the major agricultural activities and produces a annual wealth equal to that of dairying, fruit-growing, or live stock production.

Mr. Landon's work will be carried on from the New Westminster office, which is in the heart of the poultry-raising community. In this way his services will be available to those primarily engaged in egg and chick production. On Vancouver Island he will be assisted by W. H. Pope, who has recently been appointed Poultry Inspector.

Canada Exported 5,300,000 Pounds Butter Last Year

Less than six million pounds of butter was exported from Canada in 1945, reports the Wartime Prices and Trade Board. The actual amount shipped was 5,300,000 and Newfoundland and the British West Indies were the only countries receiving Canadian butter last year.

The Board points out that approximately half of this was low-grade creamery and dairy butter which could find no suitable market in Canada.

Since the end of the war 45 countries have bought tractors and implements from one British manufacturing firm according to company officials.

WE WALK THE

Middle Road

We are a fortunate people. We walk the middle road.

Through our Government's wise measures of control, we have, by resisting the temptation to rush after luxuries, been able to enjoy them in moderation. We have, by keeping necessities at the top of our buying lists, kept the prices of both necessities and luxuries at the bottom.

Hardly another nation in the world today can point to so fine a record.

Yes, we are a fortunate people because we walk the middle road—the road of moderation in all things—in our thinking, in our actions and in our pleasures.

In the years of greater abundance, which are so surely ahead, The House of Seagram believes that moderation, as always, will continue to be a quality essential to the welfare of the nation—and the individual.

THE HOUSE OF SEAGRAM

Men who Think of Tomorrow... Practice Moderation Today!

Tea nearly cost Mr. Jacobson's life

Sent to China in 1827 to trade in tea, go-getting Mr. Jacobson developed an illegal traffic in coolie labor. Angry, the Chinese Government sought his capture—dead or alive. Escaping, he helped found Java's tea industry.

This tea's a life saver and penny saver both!

There's nothing like tea—and no tea today quite like Canterbury! Each cup fragrant and flavorful. Each sip hearty and rich in character. Truly, a tea in the tradition of fine teas.

Yes, Canterbury is a tea you'll enjoy. Do try it—soon!

Notice the rigid carton—easier to open, handier to use. With sturdy innerlining to help keep moisture out, flavor in. Also in tea bags.

Tea in the best tradition

Are seldom slowed down or sluggish or sunk,
With ABBEY'S to help
Keep them "regular" and right,
They go through their days
Feeling hearty and bright.

For
ABBEY'S
is So Pleasant
and Easy to Take

Why don't you join the ranks of the "regulars". Let Abbey's — sparkling, cleansing Abbey's — help tune up your system, clear away the excess acids and wastes that sour your stomach and your disposition. Try a dash of Abbey's in a glass of water before breakfast — when needed. Popularly priced, at all drug stores.

Oyama's Second May Day Was Unqualified Success

OYAMA, May 28.—Oyama's May Day was voted a huge success by all who attended the affair. Clear blue skies and warm weather added to the spirit of the day and helped things to go over "with a bang."

Miss Maureen McClure, only daughter of Mr. and Mrs. G. McClure, 1946 May Queen, was regal in floor-length white satin and white cape. She was attended by Miss Elsie Schuster, eldest daughter of Mr. and Mrs. M. Schuster, and Miss Jean Norman, only daughter of Mr. and Mrs. L. Norman.

Last year's queen was Miss Mary Petereder and her two attendants were: Miss Valerie Stephen and Miss Reta Spencer.

The parade on Friday started from the school at 1 p.m., headed by G. K. Beveridge, of Vernon, with his bagpipes. The May Queens and attendants were seated on a float decorated in red, white and blue, banked with flowers of all kinds, and drawn by a decorated tractor, driven by nine-year-old Denis Towgood. Following the float were decorated bicycles, wagons, doll carriages and prettily dressed children for the Maypole and other dances.

The parade proceeded to the Community Hall, where 1945 Queen Mary Petereder crowned Queen Maureen, who read her proclamation.

The Maypole dance was executed by some pupils from Grades 1 to V, and followed by a circle dance of young children. Five dancing pupils of Miss Pratten did the Highland Fling. They were: Barbara and Kenna Wynne, Barbara and Beth Walker, and Pal Sproule. Decorated vehicles were judged by Mrs. G. K. Beveridge, Mrs. Shaw-McLaren and Mrs. A. Smith.

Sports events followed, the program arranged by W. Hall. Inside the Hall were arranged the hobby collections and handicrafts. Judges for the girls' fancy work were Mrs. H. Aldred and Mrs. D. Eyles; boys' hobbies and birdhouses, A. Smith, J. Benn, and J. Schaunheffel.

Tea tables were arranged in the Hall for adults. Arrangements were in charge of Mrs. F. Whipple. Her helpers were Miss Shirley Whipple, Mrs. E. Thompson, of Vernon, Mrs. R. Endersby, Mrs. Dugate, Mrs. A. S. Towgood and Mrs. J. Craig. These with Mrs. K. Wynne, Miss Lorraine Patullo and Mrs. G. McClure, also helped serve the children's tea at 5 p.m., when the kiddies were seated at long tables after the sports events.

"Hot dogs" and cold drinks were on sale on the grounds, and ice cream, donated by Mr. and Mrs. A. Davidson, was given each child before tea. The "hot dog" and ice cream booth was in charge of Mrs. M. Orasak, Mrs. Peter Elliot, and Miss Doreen Patterson.

Mrs. A. S. Towgood presented prizes to the winners of the sports events, hobbies and competitions at the conclusion of the children's tea.

A special table beautifully decorated, was set at the north end of the Hall for the Queens and attendants. Mrs. J. F. Stephen made and donated the iced cake, decorated with two pink candles, which centred the table, flanked with pale pink flowering Japanese crab blossoms.

Prizes were awarded as follows: Sports: Girls, aged 6-7: Rose Wababayashi, Barbara Brown, Ruth Neitch; 8-9: Beth Walker, Valerie Van Ackeren; 10-11: Joan Petereder, Shirley Nuyema; 13-14: Jean McGladdery, Norma Nuyami, Mary Petereder. High School: Doreen

ROYAL CITY
CANNED FOODS

T. A. (Bert) McWaters

In order to take an active part in the growing development of the Okanagan, the W. H. Malkin Company Limited, which has been engaged in the whole-sale grocery business in British Columbia for over 50 years, on June 1, will open a new branch at Vernon under the management of T. A. (Bert) McWaters, who served with the Royal Canadian Artillery as a Major during the war. Mr. McWaters has been with the W. H. Malkin Company Limited since 1929, having seen service in various capacities in the Vancouver office, and was branch manager at Prince Rupert prior to his enlistment in September, 1939. W. J. (Will) Hicks is being transferred from the Nelson branch to be accountant at Vernon. Mr. Hicks joined the company in 1927. At the new Vernon branch, the company will carry a complete stock of groceries, fresh fruit and vegetables, tobacco and cigarettes, confectionery, stationery supplies and drug sundries. The new branch will be located at 228 College Street, in the former B.C. Fruit Shippers Ltd. building.

Coast Pastor Comes To First Baptist Church In Vernon

Rev. Theo. T. Gibson, B.A., has accepted a call to First Baptist Church, Vernon, and will start his ministry here on Sunday next, June 2. With Mrs. Gibson and their small son, David, he motored up from Vancouver earlier this week.

Mr. Gibson has resigned the pulpit of South Hill Baptist, Vancouver to come to Vernon. During his three and one-half years' ministry there, he concentrated on young people's and children's work, as well as carrying out a building renovation program.

Mr. Gibson visited Vernon early in April when he expressed interest in the growth of the city, and visualized expansion in the work of the Baptist Church here. He has lectured at the Okanagan Baptist Camp near Penticton, for the past two summers, so is no stranger to the Valley.

Mr. Gibson is a native of Calgary. He was a Scholarship winner in University of Alberta, where he commenced his B.A. work. He later transferred to University of Manitoba, where he continued in graduate work, and now holds Honors Degree in classical Greek and English.

Next Sunday Mr. Gibson will speak at the 11 a.m. session of the Sunday School. He will be formally introduced at the evening service, when his first message will be "The Predicament of the Church, and What We Can Do About It."

Army Privates Get Six Months For Stores Theft

Two soldiers, Pte. John E. Kirschnor and Pte. Crawford R. Hamilton, were each sentenced to six months imprisonment for the theft of four ski kits from army stores at the Vernon Military Camp. They appeared before Magistrate William Morley in stipendiary court Tuesday morning for sentence.

The theft of the four kits occurred about May 15 and their value was in the neighborhood of \$200. Before sentence was passed, 19-year-old Kirschnor admitted the theft of numerous other articles from stores previously. These included an M.T. kit, a technical kit, three binoculars, three compasses, two watches, two pistols and 25 bed sheets. These articles he had returned to the army authorities here, Hamilton, 20 years of age, admitted being involved in the theft of the sheets.

The two soldiers had been in positions of trust in the R.C.O.O. stores and had ready access to the equipment which they stole. In passing sentence, Magistrate Morley said he was imposing the lightest sentences possible under the circumstances. He hoped that the two young men had learned their lesson.

Ok. Landing News Items

OKANAGAN LANDING, May 28.—Dr. Frank A. Potolka, of the University of California, has been visiting Mrs. Allan Brooks and her son, Cecil Brooks, for the past 10 days.

Opt. C. B. Gray, R.C.M.P., stationed in Calgary, paid a brief visit here last week, staying with his parents, Mr. and Mrs. Charlie Gray.

Miss Phyllis Welch of Vancouver is spending two weeks' vacation with her parents, Mr. and Mrs. F. W. Welch.

Percy Allan is in Ottawa, the son of the late Mr. and Mrs. Dick Allan. It was a poor year for maple syrup in Ontario, James Stirling, Huron County, Ont., says that he has made syrup without a drop of maple for 60 years and this was the poorest of them all.

Water Bylaw Vote June 7 At Enderby

ENDERBY, May 27.—Friday, June 7 has been set by City Council as the date on which taxpayers will vote on a Bylaw to provide for the renewal of the City of Enderby's domestic water system. The amount required is \$85,000.

The present system was installed 40 years ago is now worn out. It has only been kept in operation latterly with great difficulty and at considerable expense. There is a danger that a break might develop at any time, which would be beyond repair.

The proposed new system will be built of high quality materials and workmanship, capable of maintaining an abundant supply of water at high pressure.

During the past few years it has been necessary each summer to limit the amount of water used for garden purposes. This has not been owing to shortage of supply, but to the fact that the present main is too old to stand the pressure of a larger flow of water. When the new system has been installed there will be an ample supply of water all the year round.

The cost of the new system has been worked out by competent persons, checked and confirmed by Government engineers. It was found impossible to raise this amount of money unless it could be self-supporting, and that the loan be repaid by annual instalments of principal and interest spread over a period of not more than 20 years.

In order to meet these requirements the Council is enacting a new schedule of water rates. This will necessitate an increase of \$1 per month for domestic purposes. All other rates will be increased in the same proportion.

The new rates will come into force on July 1. This is necessary to provide the money required for the first instalment of interest and principal on the loan.

If the Bylaw is endorsed by the taxpayers, the new system will be brought into operation at the earliest possible date.

British farm scientists have found that when salt is used as a fertilizer on land under sugar beets the yield of sugar increased one pound for each pound of salt applied.

In Wiltshire, England, six ewes have produced 17 lambs this spring.

MRS. BROWN COULDN'T KEEP A SECRET

"Secrets make Mrs. Brown uneasy. So when we praised the flavour of her tea, she simply had to tell us she used brisk tasting Lipton's Tea."

Yes, everybody who tries Lipton's Tea is eager to broadcast the good news about that brisk Lipton flavour... so fresh, so lively, so full-bodied... never flat or insipid. There's a good teatime coming to you the moment you try Lipton's. Ask your grocer today for brisk tasting Lipton's Tea.

MILK PRICES

Effective at 12 o'clock, midnight May 31, the price of fresh milk in Vernon will be as follows:

QUART 13c
PINT 8c
CREAM UNCHANGED

NO INCREASE FOR ANYONE
These new milk prices are 2c per quart and 1c per pint higher at the door but they actually are no increase in income for either the farmer or the milk distributor.

Effective midnight May 31 the 2c per quart consumer subsidy paid by the Ottawa government is being discontinued by the government.

VERNON MILK DISTRIBUTOR'S COMMITTEE

OF INTEREST TO WOMEN

Business and Professional Women Install New Officers

When the Vernon Business and Professional Women's Club met in regular monthly session on May 22, officers for the ensuing year were installed, headed by Mrs. D. D. Harris as president.

Provincial vice-president, Miss Hilda Cryderman, presided over the installation ceremonies, when the retiring executive stood, holding lighted tapers. After each new officer was instructed by Miss Cryderman in the duties of her office, and had signified her willingness to assume them, she was provided with an unlighted taper which was lighted for her by the executive member whose place she will fill during the year just commencing. The retiring officer then extinguished her own candle, and her successor took her place at the head table.

Mrs. Harris, newly elected president, thanked the Club for the confidence placed in the new executive, and pledged their endeavor to further its work in this city during the 12-month period ahead.

Miss Nancy Jermyn, who has held the position of president for two years, spoke briefly. Mrs. C. S. Butcher moved a vote of thanks for her work in behalf of the Club since 1944.

The dinner meeting was held in the Palm Room, National Hotel. The tables had been decorated with crystal bowls of yellow tulips and green and yellow tapers in crystal and silver holders.

Miss Agnes Conroy reported attending meeting of the Athletic Council on May 17. Four members of the Club, Miss Cryderman, Miss Jermyn, Mrs. Butcher and Mrs. A. E. Graves, attended the recent Washington State Convention of Business and Professional Women's Clubs, held in Wenatchee. Inter-

esting highlights of the sessions were revealed by Vernon delegates, each dealing with a different phase of the activities.

Country Club Opens For 1946 Season Under Good Auspices

Bright sunshine and a warm breeze made Friday, May 24, an excellent opening day for the Country Club.

At some time during the day the majority of the old members and a few new faces appeared on the Club grounds either to enjoy afternoon tea, play tennis on the reconditioned courts or to brave the icy waters and go for an early dip.

Two of the tennis courts were ready for play and the third one came into use on Sunday. The courts are in better condition than they have been for a number of years.

The Directors of the Club hope that good use will be made of the tennis facilities and that Club tournaments can be arranged during the summer.

A lovely tea was served on the Clubhouse verandah by caretakers, Mr. and Mrs. Avery Phillips.

During the next few weeks improvements to the grounds and facilities will be made and by early summer the Country Club will probably be in a finer condition than it has been for many years.

United Church W.A. Told of Extent of Work Across Canada

Approximately 50 women, members of the United Church, heard Mrs. Helen Robertson, Dominion Women's Association Counsellor of Toronto, speaking of the work of the W.A. last Wednesday afternoon, May 22 in the Vernon United Church. Mrs. K. W. Kinnard, president of the local W.A. was in the chair.

Mrs. Robertson, who is on a tour of the Western provinces, stressed the desirability of organizing a Women's Association Presbytery in the Interior. Delegates attended from Enderby United Church.

The speaker said that 147,542 women are enrolled in 5,136 branches of the Women's Association across Canada, and that they raised one and a half million dollars in 1945. This is used for Church work within their several congregations. The members take special interest in Social Service, Rehabilitation and Young People's work.

During the war, concluded Mrs. Robertson, the women of Canada made six million articles for the Red Cross Society. Forty percent of this total came from United Church groups.

The serving of tea and a social hour concluded the afternoon.

German Woman Tells of Plight In That Country

A desperate plea for help from Mrs. Elia Hermann, a former German resident of Vernon who returned to her native land 10 years ago, has been received this week by Mr. and Mrs. Frank Boyne. Thinking it would serve as an indication of the plight of the German people, Mr. Boyne has made the letter available to The Vernon News.

"I lived opposite you," writes Mrs. Hermann, to the Boyne family, "and you were so awful kind to me in Vernon. I think you are still the same people and will try to help me get along."

Continuing: "Isn't it possible for you to send us a little parcel? We can use anything... I would be so happy to get some food. We have had no sugar since Christmas... anything you can spare would be welcome," writes the frantic mother of a 13-year-old boy and 10-year-old girl. The boy was born in Vernon. Her letter, written last April 1, is from Thalheim, Kreis Miesbach, Germany.

Sorry She Left

"How often do I think about our little home in Vernon, and feel sorry we have left Canada. In the terrible war we lost everything we did possess in Germany, and are trying to start anew, but you can't imagine how hard this is. Please don't think I am greedy; no, really not, but we need help so badly. We lost all our belongings; there is nothing to buy. The children don't know what oranges or chocolate taste like," she writes, adding as an afterthought: "If it isn't allowed to send a parcel on to me, maybe you can find a way to send one through the 'Elks'."

A jellyfish, 99 percent water, delivers a stunning electrical shock to its victims, and is carnivorous.

For Hot Days
Cotton is always a summer favorite. This attractive dress is in fine sanforized cotton. Being practically unshrinkable, it is washable. White hat trimmed with blue bow.

Grade X Girls Hostesses at Afternoon Tea

Over 100 people crowded the High School Home Economics building on Tuesday afternoon when Grade X pupils acted as hostesses at the Annual Grade X tea. The girls wore the dresses they had made this spring, and against a background of flowers which decorated the room, they made a pretty picture.

The Grade XI Home Economics class were special guests and they also wore the frocks they made this year with the pattern of the dress pinned to the shoulder.

The guests were very nicely met at the door by two young ladies. The tea table was set with a linen cloth and beautiful silver and china ware. The centre piece was a large bowl of lily of the valley. Vases of colorful spring flowers were arranged at points throughout the room. Two of the girls poured tea while the remainder of the class served sandwiches, cookies and cakes.

The guests were given an opportunity to see the work the girls have been doing. Felt applique panels adorned the walls, and on one side of the room two girls were doing leatherwork. On their work table were beautifully finished purses, bags and camera cases, which showed more than a little talent and some hard work.

According to Miss E. Clarke, the Home Economics instructor, preparations for the tea were made completely by the girls.

"The guests this year were exceptionally attractive in both style and color. The workmanship was excellent."

Each visitor was asked to sign the Guest Book before leaving. Those who attended the tea left with nothing but admiration for the work done by the girls in connection with the tea and also on the dresses and other handiwork.

Weddings

McFarlane - Gibson
RUTLAND, May 27.—A wedding of considerable local interest was solemnized on Thursday afternoon, May 23, at the Rutland United Church, when Audrey Gibson, daughter of R. H. Gibson and the late Mrs. Gibson, became the bride of Oliver McFarlane, of Mission Creek district. The ceremony was performed by Rev. J. A. Petrie. A reception was held later at the home of Mr. and Mrs. Archie Wagon. The couple left by car for the coast for their honeymoon.

Tyler - Sauder
Rev. Canon H. O. B. Gibson officiated at a quiet ceremony in the Chapel of All Saints Church at 9 p.m. on Saturday, May 18, when Miss Annie Merrill Sauder and William Tyler, both of Vernon, were united in marriage. Supporting the couple were Mr. and Mrs. A. R. Burton. A short trip in the Southern Okanagan followed the rite. Mr. and Mrs. Tyler will reside in Vernon.

Anglican Children Work For Home and Foreign Missions

Young workers for their church, members of All Saints Church Junior W.A., are sponsoring a sale of work, plants and flowers and afternoon tea next Saturday afternoon in the Parish Hall. The affair is being directed by Mrs. O. A. Haydon and Miss M. Gibson. The children are all under 12 years of age. The funds raised will go to their missionary pledges.

Today's Student Faces Keener Competition Than Ever Before in History

—Speaker Explains Wide Role of Schools

"The business world has become so complex that it is no longer possible to be a self-made man or woman. The cry is for more skill in every phase. Every kind of work has become highly specialized in a mass production world," so Miss Hilda L. Cryderman, B.A., Girls' Counsellor, told the Women's Canadian Club meeting in Burns Hall on May 21. Mrs. W. R. Pepper, president, was in the chair.

Methods of mass production in business, spilled over into the educational world in large classes, with specialist teachers and specialized subjects were described by the speaker.

"The student is no longer a pupil in Miss Smith's class. He is a pupil of the school, and meets many specialist teachers in the course of the day. Johnny belonged to no one in the old sense of the term," declared Miss Cryderman.

The mythical "Johnny" has to decide early in the High School program whether he should take the academic course preparing for University entrance; take a general course for High School graduation, or a Commercial course for High School graduation. This means plotting a course and choosing the subjects wisely, continued the speaker, enlarging on the topic of her address, "The Work of the Guidance Counsellor."

The Counsellor comes into the picture when the student needs advice. He or she must see the school through the eyes of the student; must see the student through the eyes of the subject teacher and the administration.

"When abilities, aptitudes and educational goal synchronize, there is no guidance problem. But where they do not, then guidance becomes necessary."

"Certain techniques may be used to bring into focus all the facts necessary for a complete survey of the problem. Aptitude tests, interest questionnaires and personality traits help to clarify the situation and the student is helped in making his decision."

"Always this must be his, but he can be helped to reach his decision so that he may find enjoyment in his work," said Miss Cryderman.

The interview on educational matters often leads to requests for interviews on personal matters, and the speaker made a plea for greater understanding by the nagging parent.

"A more positive approach for desired behavior is required. 'Expect the best' and that is what you will get," declared the speaker.

"The student of today is stepping out into the most highly competitive labor market this nation has ever known. Students must compete for positions with the veteran, highly skilled for his position in the services, and highly trained in the home now have to be undertaken by the school. A survey of students in Vernon High School showed that 60 percent of them

Old Country Men Tired of Drabness

As a suggestion for the National Clothing Drive, scheduled for June 17 to 29, Mrs. T. Humphreys of Vernon brought into 'The Vernon News' office a "letter to the editor" from the columns of an English newspaper. Written by a man, it appeals for "something to be done to help men relieve the everlasting drabness of their attire."

He suggests ties could be taken "off the ration," so that a new one could be bought occasionally without prejudicing the purchase of a suit or overcoat.

Mrs. Humphreys suggests that most Vernon housewives could find a tie, or even two, of which their husbands have grown tired. These she thinks could be included in the Clothing Drive collections for overseas shipments, that the "drab" lot of Englishmen may be brightened.

Two bullocks recently slaughtered in the English Midlands were the heaviest in that area for some time. One weighed 2,400 and the other 2,300 pounds.

How the new bride can entertain successfully
There's something special about entertaining as a Mrs. for the first few times, so you'll want these events worthy of remembrance. If you're a novice at entertaining and a bit shy about going ahead, remember that the simplest dishes can become food triumphs when served with a little extra flourish.
Keep It Simple and Informal—Unless you've had worlds of experience in entertaining, then it is best to keep things simple and informal. For an all-feminine get-together why not give a mid-morning brunch or a luncheon? When the menfolk are in on the party, we suggest a buffet supper party.
BRUNCH PARTY
Mixed Fruit and Berry Cocktail (Serve in tall stem sherbet glasses, garnish with a mint or nasturtium leaf.)
Creamed Chicken and Ripe Olives on Waffles
LUNCHEON
Tomato Bouillon with Avocado Cubes (Float avocado cubes in bouillon just before serving)

Exercise for Health

Exercise, like food, should be enjoyable to be truly beneficial, says an authority in the Department of National Health and Wel-

fare, Ottawa. "Do you sit without sag, and stand without strain?" this public health officer asks, "If not, you need exercise. Learn to play every day and to be as alert in body as in mind."

Exclusive FLOOR STYLING

ACE-TEX MASTIC TILES

Distinctive in design, attractive in color, Ace-Tex Mastic Tiles immediately create a favorable impression in store, office or institution. They provide a rich, luxurious floor that actually improves with wear. For a smart floor-covering which is permanently resilient, impervious to moisture, easy to clean and inexpensive, choose Ace-Tex Mastic Tiles.

Civic Welcome Home For Kamloops Vets Planned for July 1

KAMLOOPS, May 25.—Arrangements for the Civic Welcome Home on July 1 to Kamloops war veterans have been practically completed by a committee headed by Ald. W. A. Keith McAllister. The function is being financed by city council and Kamloops branch Canadian Legion. Also associated on the committee are Kamloops Board of Trade and Rocky Mountain Rangers. One of the day's several features will be a reunion of the men of the Rocky Mountain Rangers. Plans for this are being formulated by the organizing R.M.R. Association.

The program includes a Cenotaph service, civic luncheon for war veterans, afternoon schedule of athletics, and an outdoor show in the evening by a troupe of Vancouver entertainers.

One problem facing the committee is to estimate the number who will be present at the civic luncheon, which is being catered by Local Council of Women and associated women's organizations. Best guesses today range around 800 to 1,000.

The committee would be assisted greatly if war veterans who are enlisted at Kamloops would drop a postcard to Harry J. Parker.

Commissioner Appointed To Probe Oil Resources

With a view to modifying the regulations respecting the development of oil and natural gas resources of the Province in an effort to encourage outside interests to drill and explore for oil, particularly in the Peace River district, Dr. Thomas B. Williams, engineer, has been appointed a Commissioner under the Petroleum and Natural Gas Act. It was announced by Premier John Hart, following the Friday meeting of the Executive Council.

Dr. Williams will review the present regulations which have been considered somewhat haphazard by those engaged in the oil industry, with a view to determining what alterations can be recommended and accepted by the Government in order to make development of these resources more attractive to private investors and at the same time, protect the interests of the public.

This work is essential as a preliminary to the extension of the Pacific Great Eastern Railway as is the survey which is to be undertaken to determine the coal measures in the Peace River district in order to ascertain whether there are sufficient quantities to provide adequate freight to justify extension of the railway.

This summer it is also proposed to send a survey party into the Peace River District in an endeavor to locate a railway right-

of-way from Hudson Hope to Dawson Creek.

As part of the program for forest fire protection this coming season, the lands department has awarded a contract to the Central B.C. Airways Limited to supply four biplanes for forest work. One plane will be stationed at Fort St. John, the second at Prince George and two at Kamloops.

The planes will be used for forest fire patrols and for transporting men and equipment to scene of forest fires.

The 33rd annual summer school of education will open in Victoria on July 2 and last until August 2. It was announced by the Hon. Dr. G. M. Weir, Minister of Education.

Some 850 British Columbia teachers are expected to attend. Six visiting lecturers will offer courses.

The second 25,000 horsepower turbo-generator for the Campbell River power development has been ordered by the B.C. Power Commission. It was announced by S. R. Weston, Chairman.

When this turbo-generator has been installed and is in operation by April 1947, power development at Campbell River will then have reached 50,000 horsepower. Construction on the dam and power house near Elk Falls on the Campbell River, is proceeding satisfactorily, Mr. Weston reported.

Progress on the construction of the Hope-Princeton Highway, which forms part of the Southern trans-provincial highway has been so satisfactory to date that it is expected it will be ready for travel next year, E. C. Carson, Minister of Public Works, announced.

In connection with the Peace River outlet however, Mr. Carson reported that unusually heavy snows had delayed construction through the Pine Pass to the Peace River district, but work is being pushed forward and maintained on schedule.

Provincial-Municipal Inquiry

The Royal Commission inquiring into provincial-municipal relations will hold its final hearings in Victoria on May 31 and 22, H. Carl Goldenberg, sole Commissioner, announced. The Union of B. C. Municipalities will be among those presenting final briefs.

It will be several months before Mr. Goldenberg can return to the Coast to complete his work in the preparation of his report to the Government.

Farm Rehabilitation

Extension of the Dominion Government's Prairie Farm Rehabilitation Assistance Act to British Columbia is sought by Hon. Frank Putnam, Minister of Agriculture. Who has left for Ottawa to discuss this matter with Hon. James Gardiner, Dominion Minister of Agriculture.

The Dominion Government under this act, has appropriated \$100,000,000 for the next 10 years. It is Mr. Putnam's intention to secure all the available information as to the function of this act and to what extent the Province would be expected to participate.

The by-election to fill the two vacancies in the Point-Grey Riding made necessary by the deaths of Hon. R. L. Malins, K.C., and J. A. Paton will be held on June 24. It was announced jointly last Friday by Premier John Hart and Hon. Herbert Anscomb, Minister of Finance.

Lumby News Items

LUMBY, May 27.—Wilfred Carter visited with his wife and family for a few days recently.

Frank Fellingham has returned to Lumby after his visit to the Coast.

Miss Beverley Grey left last week for her home in Vancouver after a short visit here.

Wesley Pickering is now on the staff of Shilohs and Co. Mrs. Fred Morrison accompanied her sister and brother-in-law, Mr. and Mrs. William Pollard, to the latter's home in Winfield for a brief holiday recently.

A tea and sale of work was held in the Ormsby Hall, May 17. It was sponsored by the Junior Red Cross. The proceeds will go to the National Red Cross.

Darrel Gagne, of Mabel Lake, is a visitor to Lumby.

In colonial days, the American Indians dried and smoked oysters.

Manufacturing And Industrial Output Short of Demand

Wholesale and retail trade is active in British Columbia and the output of manufacturing and industrial plants continues at a high level but is still short of demand, states the Bank of Montreal business summary for May.

It is reported that Four 10,000-ton maintenance ships purchased in Vancouver by Australian interests, will be converted into passenger cargo vessels in British Columbia shipyards at a cost of approximately \$1,500,000.

Building trades are active, but the present strike in the lumbering industry will have a serious effect if it continues for any length of time, continues the report.

Timber scaled in March totalled 253,630 M feet, as compared with 211,292 M feet in March, 1945. For the five-week period to May 15 lumber mills operated at an average of 76.51 percent of normal capacity, as compared with 69.71 percent in the corresponding period last year. Coal production in March was 145,988 tons as compared with 145,418 in March, 1945. Gold production in February was 19,425 ozs. (\$679,875 U.S.), as compared with 17,595 ozs. (\$615,825 U.S.) in February, 1945.

Final figures for the 1945 apple crop were 5,500,000 boxes as compared with the record crop of 8,500,000 boxes in 1944.

Predators

(Continued from Page 9)

the protection which they felt their industry deserved.

Hunting and trapping industries have been injured by the increase in predatory animals. What these animals do to trap lines, an important economic asset in British Columbia, is well known.

Fish and Game Associations throughout the Province, continues the Vernon branch, have made it very clear to the B.C. Game Commission and to the B.C. Government, that unless a stronger control policy is adopted in respect of coyotes, cougars and wolves, a large part of the hunting assets, which are a tourist attraction as well, will be wiped out.

The bounty on cougars is now \$15. That this is not enough to encourage hunting them is felt by the Vernon Association. It takes time, energy, patience and skill to track and kill a cougar, and \$15 will not attract regular pest exterminators. A decent bounty will attract experts, and this is the only method, they declare.

Observers who know the methods which cougars employ to secure their food state that cougars kill on an average of 30 deer every year. This at the bounty rate, makes a deer worth 50c.

"Match this fifty cents with a fee to non-residents, or royalty, of \$15 and a fine of \$25 for shooting a deer out of season. These are the government's regulations," declare Vernon Association officials. If the value of a deer is placed at the "modest figure" of \$5, they argue, a cougar normally destroys living property to the value of \$150 a year. If to this is added the revenue which would come from hunting fees, resident and non-resident and the other revenue from hunters, Canadian and American, if deer were plentiful, the loss actually is far more than the \$150 per cougar.

To this loss must be added that which results from calves and livestock destroyed by cougars.

That many B.C. hunters claim that they would be inside the mark if they estimated the average deer killing by a cougar at one a week or 52 a year is a further statement by the Vernon Association. In addition, cougar hunters state that cougar will attack and kill the biggest buck. The group suggests a \$40 bounty which works out at a valuation of \$1.34 a deer.

Control Effective at Banff

When cougars were kept under strict control in the Banff National Park in the 1920's, deer, sheep, mountain goat and elk became plentiful. When the control was lifted about 1928, by 1933 extermination of the deer, sheep and goat was threatened. Later the Dominion Government employed "Cougar" Lee of Vancouver Island, and he did a good job, with the result that the deer, sheep and goat are getting back to normal.

Regarding the coyote, which causes more trouble to the farmer than any other animal, this also takes a heavy toll of game animals and birds. They also kill a lot of deer, mainly young animals.

In 1945 it is estimated that the coyote caused a loss in the Vernon district alone of \$1,500 in sheep flocks. Throughout B.C. many farmers have gone out of the sheep industry because of the coyotes.

The bounty on coyotes at the present time is \$5 from April 1 to October 1, and the government keeps the pots. The bounty is not paid during the winter. Coyotes are on the increase, continues the Association, and cannot be exterminated. Only a vigorous campaign will keep them under fair control.

It does not pay the hunters and trappers to go after the coyotes for \$5 for a short season and not be permitted to retain the pots," claim Association officials. Livestock men, hunters and trappers and the Fish and Game Associations of British Columbia are a unit in asking that the \$5 bounty be kept on for the whole year and that the hunters be allowed to keep the skins.

The killing of the female coyote during the winter, if more hunters were induced by more liberal reward to hunt the animal at that time of the year, would equal the killing of six coyotes during the following summer, as that is her family.

Soon after featuring mechanized farming in Saskatchewan will form part of a film now being prepared in Canada for exhibition in other countries to illustrate Canadian food production methods.

The British Ministry of Food employs a staff of 200 at an annual cost of 200,000 in salaries and wages to protect foodstuffs from rats and mice.

British Columbia Reports

A Sound Financial Position

BRITISH COLUMBIA'S finances are such as to enable ample provision for all necessary services, including the most advanced public welfare legislation in Canada, yet still retaining a net revenue surplus available for contingent expenditures. This favorable condition is well recognized by investors, as witness recent bond issues which were negotiated at lower rates than ever before. As further evidence of British Columbia's sound management, the following facts are cited:

GROSS DEBT DECREASE

Since 1933, the gross debt of the Province has been decreased by \$11,130,000. This reduction, together with a rapid increase in population, has made possible a decrease in the burden of debt interest service from \$11.01 per capita in 1933 to \$6.27 per capita in 1945.

REVENUE SURPLUS

During the same period revenues, after providing for ordinary expenditures, created a gross surplus of \$73,866,000. From this sum \$31,370,000 were appropriated for debt redemption provisions; \$13,745,000 for unemployment relief, and \$13,550,000 for capital works and special services. A net revenue surplus, therefore, is available for further appropriation.

EDUCATION GRANTS

Educational opportunities have been improved and equalized. The Province is now paying 55 per cent of the cost of a high basic standard of education. By its latest fiscal provisions it has relieved further current tax burden on land and taxable property by nearly \$2,500,000 of which sum \$2,150,000 goes to municipal taxpayers. In addition, it

will assume one-half of the cost of new capital construction of schools.

REFORESTATION POLICY

Ever larger sums are being spent to conserve the forest wealth of the Province, to reforest denuded areas and to establish sustained and abundant forest yields.

PUBLIC WORKS EXPENDITURES

A vast programme of public works will ensure highways and bridges adequate for the needs of residents, industries and tourists. Included in this programme are the means to provide the construction of new public buildings and additions to existing ones.

POWER FACILITIES

In an ever increasing measure rural areas are being provided with electric light and electric power.

LABOR LEGISLATION

Laws and regulations governing labour ensure to the worker standards that excel those in other areas of the Dominion.

SOCIAL WELFARE

Provisions for the aged, the blind, the needy, and for the general health and welfare of the people are the most generous in Canada.

RECONVERSION AND DEVELOPMENT

Progressive and positive policies have been adopted to assure success in the task of reconversion from a wartime to peacetime economy. The opening up and development of new areas with vast untapped natural resources is progressing rapidly. This will afford unequalled opportunities for new residents and for new industrial ventures.

Good Hay Crop Indicated This Year in Enderby Area

ENDERBY May 27.—Farmers are watching their fields of alfalfa. It is expected that cutting will begin the first part of June, although some have begun cutting around the edge of the fields. The Hassard Brothers, who have over 700 acres under cultivation, report that their crop of 60 acres of alfalfa is expected to exceed last year's crop, and it is the general assumption that the entire crop in this part of the Valley will be better than in 1945, although much of the alfalfa is not out in blossom as yet.

A heavy rain storm which proved to be only local, dampened Enderby and surrounding districts gardens on Saturday. Despite the downpour being heavy here, no rain fell in the Armstrong area past Stepien Bldg., or up in the Trinity Valley district.

The farmers who have parts of their land down to peas are expecting a good crop. The peas are now up, about a foot high, and although a pea crop can not be estimated exactly, as a great deal depends upon the weather, still it is expected that there will be a good yield this year.

The fall wheat crop is not expected to be as good as last year in this district, as so much of the seed did not germinate. Hassard Brothers have sown some 40 acres of fall wheat, but the result is not good.

A considerable amount of clearing has been done in this portion of the valley this Spring and a good deal now under way. Year by year more local farmers realize the need for expanding their acreage. This year when the demand for wheat for Europe is so great, it is necessary to till every available inch of ground, and in most cases the farms in the northern part of the valley are increasing the size of their farms.

There was a good turnout at the Victoria Day dance, sponsored by the local Baseball Club in the E. of P. Hall on Friday evening. Approximately \$200 was taken in, which will be turned over to the Club to assist with operating expenses. The local Swingsters Orchestra supplied music. A number of local sport fans motored to Falkland for the celebrations there.

Another New Home

Fred Barnes, who is building a new house on what was formerly known as the Bowes property, is preparing to move in. Mr. Barnes is one of the oldest residents, both in seniority and in length of time here. Despite this, he has done much of the building himself. Mrs. Waugh will continue to reside with her brother, Mr. Barnes.

Russell Hutchison has returned after having been called to Port Angelus, Wash., upon learning of the illness of his mother, Mrs. W. Hutchison.

Mr. Ziebert left the end of the week to return to the prairie. Some time ago he purchased the home and property owned by Miss Bowes who moved to Vancouver. G. H. R. McMaster sold Mr. Ziebert's household effects on Saturday.

New electrical machinery is being installed in Smith's service, which will take care of a larger output. The lumber strike has caused work at the mill to temporarily cease. During the lull new machinery has been installed.

Gardeners have had to abide by restrictions imposed by the Water Works department this week. There is no shortage of water, but the carrying pipes are poor. It is hoped Enderby will shortly have a new water supply so that everyone will be able to count on water at all times.

Enderby gardens are now at their best. Flower borders are very attractive, one of the showiest being that of R. McDonald. Mrs. W. Pantan's garden is a mass of bloom, as are those of Mrs. E. Coulter, Mrs. E. Harvey, J. Gardner and Mrs. J. Johnson.

Mr. and Mrs. K. Samol, Mr. and Mrs. Billings and son, Jimmie, and Victor Samol are spending a week in Vancouver. Victor Samol has recently arrived from Calgary, and visited his parents prior to accompanying them to the Coast.

Mr. and Mrs. Edgar Vogel of New Westminster and Mr. Vogel's grandmother are visiting Mr. and Mrs. Rex Vogel. The former will reside in the house formerly occupied by Mr. and Mrs. Henry Vogel.

Mr. and Mrs. Spitzmeyer, Mrs. Forster and son Tommy of Kelowna, visited over the weekend at the home of Mr. and Mrs. A. Thomas, spending Saturday at Mabel Lake.

Mrs. Abercrombie and daughter, Miss Teresa Abercrombie, spent the weekend in Canoe.

Wellington Smith and daughter Miss Thora Smith of Armstrong

visited Mr. and Mrs. H. Hendrickson on Saturday. Mr. Smith was en route to Mabel Lake.

Mayor E. McMahon has returned from two weeks visit in Vancouver.

Melvin Johnson and George Green have recently taken over the operation of Murray's Meat Market. Charlie Horrex was former manager.

Miss Agnes Miller has returned from two weeks vacation at Ladner. While at the Coast, she attended the sixtieth wedding anniversary of her grandparents. Her mother also attended the diamond wedding celebration.

High water has been reported in the Trinity Valley district this week. Men employed at Houston's Mill have had to pump water from the premises.

Mr. and Mrs. Carnac Morris of Vernon have been guests of Mr. and Mrs. V. King Baker for a few days.

Hospital Group Meet in Kelowna
Mrs. E. N. Peel, president and delegate of the Enderby Hospital Auxiliary, motored to Kelowna on May 18 to attend the Women's Regional Council held in that city.

Mrs. W. Pantan, secretary-treasurer, and Mrs. E. Webb, assistant on the buying committee, accompanied Mrs. Peel.

The meeting was held at the home of Mrs. Black. This was the first time Valley Hospital Auxiliaries have met to discuss their problems. Mrs. Hampton gave the address of welcome and was named chairman. Mrs. W. Pantan of Enderby was temporary secretary. A delegate to the Regional Annual Convention at Vancouver will be nominated from Kelowna. The following officers were elected to the newly formed Council: President, Mrs. Hampton; vice-president, Mrs. Logie; secretary-treasurer, Mrs. Loosmore, all of Kelowna. It was decided to have executive members residents of one town, if possible. These can be rotated so as to include each centre as time goes on.

All districts reported a serious condition of over-crowding in hospitals, and it was decided to send the following motion to the M.L.A. of each district and to the B.C. Department of Health.

"Owing to the serious condition of over-crowding in all hospitals, that the army building be used to relieve the situation."

Friends of Henry Hendrickson regret that he has been confined to his home recently. Mr. Hendrickson has operated a barber shop in Enderby since the early days. His friends wish him a speedy recovery.

Mrs. Harold Palmer of Stenoum was a visitor to Enderby this week. Mr. and Mrs. William Duncan returned home on Thursday after two days holiday visiting at Kelowna.

Cyril Woodley, who is erecting a new store on Cliff Street is making rapid strides with his building this week. The floor, sides and part of the roof are already completed and it is expected that he will have his stock in place very shortly.

Mr. and Mrs. P. Lynnes are being congratulated on the birth of a son in the Enderby Hospital on May 10.

The local O.G.I.T. group recently received a new member, when mothers and friends attended an initiation service in charge of the leader, Mrs. J. R. Blumenauer.

Miss Violet Wejr was presented with the O.G.I.T. Tie. Miss Tina Skelly and Miss Wejr were declared eligible to enter a senior group of O.G.I.T.

Mrs. McMechan, president of the Women's Missionary Society, presented each girl with a badge to signify that they were affiliated with the W.M.S.

Over \$85 was netted by the women of St. George's Anglican Church on Saturday afternoon when they sponsored a sale in the local Parish Hall.

Despite rationing and a shortage of many articles the women had planned so as to have as good a selection of articles as at any previous undertaking. Similar to any home cooking tables since rationing began, all the saleable articles were

bought as fast as they were brought in. Mrs. F. W. Sharmar, assisted by Mrs. C. Ldstone were in charge.

Adjoining the home cooking table was the plant stall, with a large display of plants, flowers and vegetables. Mrs. W. Currie had charge and netted a good sum.

Equally attractive was the fancy work table which was supervised by Mrs. H. Bawtree, Mrs. Billings, and Mrs. V. Stephens, where a selection of pillowslips and articles cleverly made from flour sacks were on display.

Mrs. C. F. Blige, secretary, reported that over \$60 Cancer Fund stamps had already been sold, which was double the amount pledged by the Chapter.

A novelty table or superlatively supervised by Mrs. H. Rimell also commanded a good deal of attention, and was laden with new and used articles.

Among the spots well patronized were the attractive tea tables. Mrs. Morton, Mrs. F. Brash and Mrs. H. McAllister were in charge of refreshments. Servituers were Miss Eleanor Edistone, Miss Viola Brash, Miss Gladys Garner and Miss June Smith.

A portion of the money raised from Saturday's sale will be turned over to the Anglican Advance Appeal as part of the W.A. share towards the fund.

British Columbia has a greater percentage of its members of Parliament as delegates to the Canadian Legion convention than any other province.

Home Oil Adopts Forty Hour Week

Authorization of a 40-hour week for about 200 employees, comprising office staff, refinery workers and branch office workers of Home Oil Distributors Ltd. was announced today.

The short week will go into effect June 1. It was authorized by War Labor Board for all operations of the company. Negotiations for the reduced hours were begun by company officials about April 15. No increase in take-home pay will result, company officials said.

Kamloops Has Priority List Of 104 for Wartime Houses

KAMLOOPS, May 2.—A priority list for all the 100 houses in the Wartime Housing Ltd. suburb was completed at a special meeting of the citizens' committee.

Sixteen of the Wartime houses now are occupied.

Each of the 104 on the list is a veteran of overseas service who was a Kamloops resident prior to enlistment.

A secondary list of 41 overseas veterans was prepared. None of these was a Kamloops resident prior to enlistment, but all now are permanently employed here with reasonable assurance that this will be their home-city from now on.

The PAPERS were talking about PEARY But FOLKS were talking about this GRAND NEW FLAVOR!

1. Morning papers filled with news of Peary's explorations to the North Pole appeared at breakfast tables, about the time folks first thrilled to that gloriously different Grape-Nuts flavor.

2. And now, when the North Pole is no longer news, folks are finding a bigger thrill than ever in that Grape-Nuts flavor in Post's GRAPE-NUTS FLAKES as well as Post's Grape-Nuts.

3. Peary would have praised sky-high the nourishment in Post's Grape-Nuts Flakes: carbohydrates for energy; proteins for muscles; phosphorus for teeth and bones; iron for the blood; and other food essentials.

4. Two grains - not just one - give you that Post's Grape-Nuts Flakes goodness. Wheat and malted barley are specially blended, baked and toasted a curly golden brown for appetizing crispness and remarkably easy digestion. Get Post's Grape-Nuts Flakes at your grocer's. Enjoy them also in those grand recipes you'll find on the package.

Leadership Needed

As the I.W.A. strike drags on, it becomes increasingly clear that what is required—and required urgently and speedily—is leadership to end a stalemate that for the Okanagan is rapidly assuming the proportions of an unparalleled disaster.

The work stoppage today enters its third week, with still no definite sign that operations will be commenced normally in the near future. At this season of the year, the normal production of boxes and crates to serve the fruit and vegetable industry would be about 100,000 per day. Already, then, some 1,400,000 boxes have been lost.

This season's fruit and vegetable output may well reach an aggregate value of \$25,000,000 f.o.b. the valley. This food is urgently needed, some for export in the fresh state, some for export as processed, and the great bulk for domestic use to help replace shipments of other food commodities made to the starving nations of the world.

Some salvage will result, to be sure. A small proportion of the required boxes and crates have been delivered; other tonnage will be processed. The loss nonetheless will be a disaster—a loss of markets when competition will be keen, a loss of reputation for quality production, and the vast loss of much of the output itself.

In this situation no single element so far has appeared powerful enough to command attention and give leadership.

The workers, most of whom have only recently been organized, some within twenty-four hours of the strike's being called, allowed themselves to be completely dominated by outside leadership. The situation at the Coast differs radically from the situation in the Interior; yet the Interior workers are meekly submitting to pressure by a small group of left wing Coast unionists. If the strike drags on much longer, Interior workers cannot possibly recoup the losses they will suffer because the demand for their output will be non-existent. In the longer view, the workers will lose too. The fruit industry must search for new packages, new methods. Handling a highly perishable product, the industry cannot afford to be dependent on the whims of labor leaders for its very existence.

The strikers might just as well realize today as a month, two months, or a year from now that their entire demands are not going to be granted. No matter how desperate the situation for boxes becomes, no responsible community organization in the Okanagan Valley will undertake to back demands that include a forty-hour week, a complete union shop for a seasonal industry, and the checkoff, which merely perpetuates in power union leadership that so far has shown itself to take its responsibility far too lightly.

From May 15 to this date, the operators have made no public gesture that would show their policy to be other than completely negative. Their suggestion, carried in the valley press last week following a conference in Kelowna, was far too general, containing only the appeal for a resumption of work under terms to be decided when the main strike at the Coast is settled.

Because of the lack of leadership so far forthcoming, organizations in each valley community have been unable to formulate a policy in regard to the work stoppage. Each Board of Trade, each Municipal Council is keenly aware of the seriousness of the situation, and awaits only a signal to galvanize all resources. That signal is still awaited, fourteen days after the strike.

The closest we have had so far to leadership is the pious hope expressed this week in the House of Commons by the Minister of Finance. Mr. Hiley's appeal surely cannot be considered as all that the Dominion government is prepared to do at this stage. Surely in the time that has already been hopelessly lost the government could have appointed a conciliator for the Interior area.

Thanks Due

For a continuance of its good name among the communities of British Columbia, Vernon is indebted to the I.O.O.F. Lodge, of this city for sponsoring the Conquer Cancer campaign.

When all efforts through usual channels to secure local sponsorship of the drive had apparently failed, the Oddfellows stepped into the breach and organized the city and district so successfully that the \$4,000 local quota was oversubscribed. This was a new activity for the lodge in a field ordinarily foreign to groups of this nature, and for the conspicuous manner in which the drive was conducted Vernon tender its thanks.

Had the Oddfellows not assumed charge when the drive in other communities was nearly over Vernon undoubtedly would

Rural Incident

Above, gray clouds foamed,
Scudding north.
Below, a faded farmhouse
Leaned with the wind.
Spring-limber grass
Accompanying the leaning.

Across the field,
The farmer came, with his dog,
Followed by a straggling file of cows
With bright bells ringing.

Rain-drops splashed
As thunder boomed on the ridge;
But the cows made music in their
cozy stalls,
And the farmer sang, happily,
in his haven,
Thankful for shelter,
Thankful for rain.

MAURICE HILL.

have fallen far behind other communities in the response.

The menace of cancer to the health of Canadians was emphasized during the campaign by use of statistics which show that one of every eight people die victims. One person in the province dies of cancer every eight hours.

This is such a serious problem that funds for research work should not be left to the efforts of a comparative handful of energetic and devoted Canadians. The inroads cancer is making are so deplorably large that the Dominion government should assume full and complete charge and the costs should be borne from the general revenue funds of the country. A small fraction of the money now indiscriminately poured out in family allowances, if put aside for operation of cancer research facilities, would pay immense dividends in increased national health.

Canadians, appreciative as they are of the efforts of the Canadian Cancer Society and willing to subscribe as they are, nevertheless should continue to demand government aid as the principal research agency.

House With 365 Rooms Given By Earl to Nation

Earl Fitzwilliam, owner of Wentworth Woodhouse, near Rotherham, Yorkshire, reputed to be the biggest house in England, is proposing to hand over this Georgian mansion and its grounds to the National Trust.

About 1,700 acres of the park have been requisitioned for open-cast coal mining, and Mr. Shillwell, Minister of Fuel, was informed of the contemplated gift when he inspected the sites of proposed new workings. Open-cast working has been carried to within 150 yards of the house and laid open hundreds of acres into the coal seam, 15ft. to 70ft. down.

Wentworth Woodhouse is said to have 1,000 windows in its frontage of 600ft. There are 365 rooms in the mansion and five miles of underground passages. At one time it was the custom to give each new guest wafers to strew along the corridors as a guide to his room.

From the FILES of THE VERNON NEWS

Ten Years Ago—Thursday, May 23, 1936
It's big news for the Okanagan, Okanagan has been seen again, and by two men who are regarded as very reliable witnesses. The big event occurred on Sunday at about one o'clock in the afternoon off Squally Point and the witnesses were W. N. Perkins and Mike Laramee, of Penikese. The two men describe Okanagan as "something more than our fishing boat," round in shape with a black body. When it disappeared it left a marked disturbance on the lake waters for quite a long period. P. A. Lewis has joined the distinguished ranks of the "hole-in-one" brigade. His drive from the eighth tee of the Vernon Golf course on Sunday found the cup.

Twenty Years Ago—Thursday, May 27, 1926
Vernon citizens will vote on a by-law to fix the assessment on the plant of Thomas Bulmer and Sons, who have been induced to locate in Vernon by the untiring efforts of the mayor and City Council. The last concert of the season of the Vernon Symphony Orchestra was given in the Empress Theatre last Tuesday evening and was greatly enjoyed by a large orchestra. Graduation exercises for the class of 1926 of the Vernon Jubilee Hospital commenced last Sunday. C. Agnew has been appointed by the Dominion government to survey a new Indian Reserve in the Similkameen.

Thirty Years Ago—Thursday, June 1, 1916
In a civil case for \$10,000 damages brought by James Turner, of Okanagan Landing, against C. D. Reynolds as the result of a shooting affair last August, Mr. Justice Morrison awarded the plaintiff \$2,500. Reynolds is serving a term of two years in the penitentiary as the result of the shooting. The case was heard at the Okanagan Bench on the branch line of the Canadian Northern Railway from Kelowna to Kelowna with a spur to Lumby will commence within a few weeks if financial negotiations in the east are successful. A party of rail officials in Vernon announced this week. The commandant of the military training camp here this year will be Brigadier Gregory.

Forty Years Ago—Thursday, May 21, 1906
Large numbers of Vernon citizens attended the Victoria Day celebrations in Endicott last Thursday. One of the features of the program was the horse race between Vernon and Armstrong which the latter team won 2-1. Dr. K. C. MacDonald acted as referee. Some 1,000 copies of the Board of Trade booklet describing the Vernon district will be printed and sent to the printer and eastern Canada. The impression is becoming stronger every day that the Vernon and Midway railway will be built by the Great Northern. For several weeks past St. Paul has been the center of Cleveland men in whose names the charter of the Vernon and Midway is held.

Fifty Years Ago—Thursday, May 25, 1896
A well executed questionnaire American ball dollar of the year of 1896 was received by a local newspaper last week. As far as can be discerned they have not been any others circulating in Vernon. It is expected that the new Roman Catholic Church will be opened about the last Sunday in June. A child is being reared in the community. A very little in child care has been turned on between the Okanagan and Kelowna points. No better weather could be desired by the farmers than that which has been prevailing for the past few weeks. When rain and bright sunshine have been alternating and abundant and prospects point to the duration thereof the Okanagan has been very.

A Friendly Chat

By MABEL JOHNSON

It was a terrible indictment to hear it said the other day by a prominent spokesman that Canadians were indifferent to the plight of famine-stricken Europe.

I suppose it is the difficulty of grasping a situation of such magnitude. During the war, for example, if we heard that a regiment suffered reverses and sustained a large number of casualties, we gasped and said "how dreadful" and "what an awful thing war is!" but when one of our local boys met death in the service of his country, it was a personal thing. Men, groups and regiments recalled that boy; that he delivered someone's paper a few years ago, played in the local hockey team. The war was at once a vivid, living catastrophe, because of that boy.

To give help as freely as we can, we must bring to ourselves the realization of stark want; of meagre supplies soon depleted. We must try to picture the fate of one family without enough to eat, multiplied many times to realize the seriousness of the situation. If the neighbor children across the street were in desperate straits, everyone in the block would do something to help them. The same thing confronts us, only instead of a street an ocean lies between.

The lower the demand for commodities, the more surplus there is to send to them. Every slice of stale bread we use makes the demands on the new loaf less. The utmost economy should be observed in every home.

Start with your own bread tin. Maybe you have some crusts there. Now don't mix up tomorrow and say I have no right to assume you are wasteful. I don't know anything about anyone's bread tins except my own.

Bread should be made or bought in small quantities. The tin used

for storage should be scalded and aired every week with the weather warm, and, at this writing, "muggy" with fresh paper.

Outside slices of loaves can be toasted as well as the inside; or they can be dried in the warming oven, rolled into fine crumbs and stored for use in meat loaves; for topping macaroni and other oven dishes; for rolling cutlets, fish, hamburgers, etc.

By using grains in cooking, flour can be saved. Half bran can be used for muffins; baking powder loaves; half oatmeal for cookies; cornmeal for rolling rice; for Johnny cakes; plain boiled rice can go into meat loaves instead of even dried crumbs.

If everyone of Vernon's 8,000 to 9,000 persons saved one slice of bread a day, this would be the equivalent of about 500 pounds of flour per day or 3,500 pounds of flour per week. It means that 500 children can live another day because of our contribution of one slice less of bread per person per day, as it is estimated that a pound of flour daily will keep a child alive.

About 150,000,000 people in Europe must have overseas supplies during the next four months if famine is to be prevented. The reconstruction of the children is more precious than factories and bridges, for they will determine the good or evil future of Europe." Herbert Hoover is quoted as saying:

When entertaining, don't be too lavish. It is out of keeping with the times through which we are passing. When cutting sandwiches, if you have a crust cut off, do so before spreading, keep them for stuffing, or drying.

Cheat the demon of waste. Starve the garbage can. Make for the "waste not, want not" policy.

"Most Anything"

By STUART FLEMING

In almost everything that man does, the spirit of competition is the most powerful motivating force in the accomplishment of success. Competition is the basis of almost all physical achievement. Vernon is engaged at this moment in civic competition with almost all of its neighboring cities. The accomplishments of these cities are being used by many to spur Vernon on to greater efforts of achievement. The entire process of civic development has become a game in which success is measured in dollars and cents. These dollars and cents are most essential to the citizens of each community but there are other things equally essential and at the moment they are missing from the life of this city.

Cultural development is being overlooked in Vernon. This was not always the case. Not so many years ago this city possessed a capable symphony orchestra and a talented operatic society. Neither organization exists in Vernon today. There is room here for both and there are musicians in Vernon to establish both but some group must provide incentive.

Vernon has a public library. It is an institution well patronized. The selection of books available to members is fairly wide but there is room for tremendous improvement. That improvement, however, is almost impossible until something is done to increase the library's revenue. At the present time the City of Vernon makes an annual grant of \$360, free building and free light. That is a substantial contribution but certainly is not munificent. Although the fees are low, every effort should be made to keep them low. It is far more important that every member of the community should have the opportunity to read books, the best

books, than that the library should be self sustaining. At the same time something should be done to make the library better able to fulfill its complete function.

Shadoff of the late First National Bank, particularly lamented Dr. Goebbels! Now members of the United States House of Representatives have started discovering secret weapons. After a secret session of the Naval Appropriations Committee unnamed Congressmen disclosed that a fear-some new gas or germ bomb which could destroy all life over vast areas was one of the hush-hush features of the navy's post-war peace program of preparedness for whatever horrors peace may bring. Subsequent comment by men whose scientific knowledge is probably more comprehensive than that of members of the House of Representatives, have discounted the disclosures as fantastic, and have dealt devastatingly with the credibility of the congressmen's statement. It is a shame that those who remember who Dr. Goebbels was and recall that he used to promise the German people fine new secret weapons with great regularity. Several of these weapons actually materialized but unfortunately, from Dr. Goebbels' point of view, they tended to fall short of the promises he made for them. This was embarrassing to Dr. Goebbels and many German people used to make rude jokes about him. American people probably will make rude jokes about the members of the House of Representatives but as the United States is an accredited democracy in good standing, the elected representatives of the people undoubtedly are resigned to unkind remarks. One of the more unflattering features of this recent incident is the apparently new interpretation which is being placed on the word secret.

As I See It

By ELMORE PHILPOTT

Of all the unfair publicity of our times, surely the radio advertising campaign by the mysterious "Income Tax Payers' Association" takes the leather medal.

We are assured, many times daily over all radio stations, that if co-operatives "and other such concerns" paid their fair share of income taxes that the federal treasury would not come \$125 millions per year.

Now the use of this figure—\$125 millions—gives me a whole new way. It shows clearly at whom and what this campaign is really directed. For the evidence given by this same Income Tax Payers' Association before the Royal Commission was that, even if all co-ops and mutual insurance companies were taxed as the "other such concerns" the sum involved would be about \$15 millions per year—only \$110 millions—a mere difference of \$10 million.

The plain inference is that the real target of this vast cloud of costly publicity is co-ops at all. It is what the radio ads call "other concerns."

What the radio ads really mean is that financial interests desire the federal government to tax public ownership services like the Ontario Hydro Electric Commission. They want the government to put their campaign over if the people knew the whole story and evaded the charge. So they attack the co-ops—who are not in a good position to talk back effectively.

Now, everybody is an income tax payer. But, everybody knows, I have never yet seen anybody who is a member of this mysterious body that pays for all this radio advertising.

was no cheapskate stuff. It would be interesting for Parliament to probe the backing of this concern.

Up till now, this campaign has been so crude that it probably did nobody any real harm. But certain big businesses have now begun to band cards to other employees with a request that they sign to become members of the ITPA.

This, of course, is intimidation of the more-subtle sort. It not only gets no support from wage earners who know their rights, it changes the concern who alert their members to the expense and resistance to the campaign.

It was chiefly due to the agitation of this well-beeled organization that the King government appointed the Royal Commission on Taxation. The ITPA had its say before the Commission. But, not satisfied with having put the community to the expense and resistance of having to conduct this inquiry, in new words and howls because the findings were not what it wanted.

The Royal Commission found, in brief, that there were two classes of so-called co-operatives in Canada. Some were not true co-operatives and were accumulating profits. The Commission properly recommended that these be taxed. But the main finding of the Commission was that there could be no profit taxes on the income of the vast majority of the co-ops (call the true ones), for the very simple reason that there were no profits. Indeed, the basic nature of a co-operative business is such that there cannot be any profits. Co-ops are not profit-making entities. They are the same category as the extra money which any merchant takes in when he makes a sale. If the merchant takes in extra money the merchant pays in extra costs the change being to the customer and the merchant. The government has no right to tax that change as it would have it in the end. You think it would the mysterious Income Tax Payers' Association is trying to put over.

WHAT DOES Your FARM NEED?

FARM IMPLEMENT Dealers

• It pays to buy for cash. Use a low-cost bank loan to purchase new implements and equipment. Pay cash to earn valuable cash discounts. Strengthen your position with suppliers. Terms of repayment arranged to meet your needs. Come in and talk it over.

Don't let the lumber strike destroy your Interior jobs

STRIKES AFTER WORLD WAR I CLOSED MILLS PERMANENTLY

In 1919, strikes caused the closing down of many large lumber camps in the interior... and they remained closed. Old timers will recall that mills with substantial daily cuts listed below, were forced to close, never to reopen!

	Feet Per Day		Feet Per Day
Arrowhead	175,000	Revelstoke	250,000
Kamloops	250,000	Comaplix	125,000
Savona	50,000	Wardner	150,000
Chase	350,000	Lumberton	250,000
Enderby	150,000	Waldo	100,000
Taft	250,000	Three Valley	100,000
Golden	350,000	Nicola Pine Mills	100,000

TODAY'S STRIKE THREATENS PERMANENT MILL SHUT-DOWNS

Short-sighted men, exploiting the disturbed period of reconversion from World War II, are now contributing to conditions like those in 1919. Their efforts, allegedly in aid of lumber workers, may again result in permanent closing of interior mills.

WHY SHOULD THIS THREAT TO INTERIOR JOB SECURITY EXIST?

Wages are higher and hours of work shorter in British Columbia interior mills than in any seasonal lumber operations elsewhere in Canada.

EACH ADDED DAY MEANS ADDED SUFFERING AND LOSSES TO EVERY PERSON IN THE COMMUNITY

Use YOUR influence to end this illegal strike NOW

Three Common Mistakes Regarding Wills

A survey conducted in the United States not long ago, the findings of which apply equally to Canada and Canadians, indicates that the three common mistakes which people make in regard to their wills are:

- Failure to secure proper legal advice,
 - Failure to revise a will to meet changing circumstances, and
 - Failure to appoint an experienced Executor.
- Such mistakes need not happen, but they are responsible for worry, loss of time and needless expense.
- Safeguard your Estate by consulting your Solicitor in the drawing of your Will, and appoint this Company as your Executor.

Lumby Queen Crowned Amid Traditional Ceremony

LUMBY, May 27.—Empire Day was May Day in Lumby and May Queen Betty Christian was crowned with all the ceremony appropriate to the occasion in the Lumby Park, Friday afternoon.

The Boy Scouts, Girl Guides, and school pupils in addition to a host of youngsters riding decorated bicycles and bicycles paraded to the park for the coronation ceremonies and sports program.

The May Queen was attended by ladies in waiting Evelyn Shunter and Joannabell Schockenmaier and flower girls Carrie Lister and Laurette Doucet followed in the queen's train. Retiring queen was Fay Genler whose ladies in waiting were Kathleen Quenell and Denise Gallon. Joan Berryhill and Lola Carry were her flower girls.

After the crowning ceremony, Miss Norris's pupils performed the traditional Maypole dance and Mrs. Moore's students led three singing games. Pupils of Miss Rogers sang a group of songs.

Six pupils from Miss Hukkal's class danced a sailor's hornpipe which was followed by an eight-some reel danced by Mrs. Bartlett's high school students.

C. W. Morrow, M.L.A., was introduced to the large gathering by C. Brisco. He complimented the boys and girls on their fine work and on their records as scouts and guides during the past three years.

The sports program that completed the day drew a large number of young athletes.

40 Yards Race: Girls, six and under: 1, Carol Gallon; 2, Diane Blaney; 3, Frances Berryhill. Boys, six and under: 1, Gordon Christien; 2, Tommy Norris; 3, Vernon Blaney.

50 Yards Race: Girls, eight and under: 1, Joy Valough; 2, Clara Ostrass; 3, Betty Secord and Lorraine Blaney. Boys, eight and under: 1, Bob Schunter; 2, Bob Collins; 3, Norman Collins. Girls, ten and under: 1, Katherine Halleran; 2, Margaret Pukallus; 3, Annie Fester. Boys, ten and under: 1, Bonnie Genler; 2, Wilfred Green; 3, Arthur Jalk. Tourists!

—By Mrs. E. Byron-Johnson

NAHUN, May 25.—Perhaps writing about tourists before they arrive is not local news, but shall we reverse the order and consider what to do with them and for them when they arrive?

People born in this Province do not know the spell those two words, "British Columbia" can cast over the worried business man, the tired teacher, the young stenographer, dreaming of romance and bored with the click of keys on a typewriter's summer's day in other parts of Canada.

Sport To Some
To the business man it may mean lakes and streams where the trout rise to his bait each time he casts. To the teacher it may mean release from the stuffy school-room and uninteresting fare of the boarding place to a land of quiet, of trees, and luscious fruit.

To the dusty farmer working his wheat fields under the hot afternoon sun, British Columbia means a land where he can swim in an ocean of water, and never eat a grain of dust.

Romance To Others
To the girl in the office dreaming of romance it means a red canoe floating on a lake, moonlight, soft music, and handsome tennis partners garbed in white flannel; or cowboys in wide hat and flaming scarf.

All these things it means to these people. I know, for I, too, once dreamed.

These dreams may come true, for here are the boats to row, the horses to ride, the fish to catch, comfortable accommodation, and some uncomfortable, but deficiencies are being eliminated as fast as shortages and strikes will permit.

What can we in this district do for holiday makers? Is there not a need for a center, at some suitable point in the city of Vernon, where arrows pointing to Terrace, Sugar Loaf, Silver Star, the Coldstream, the lakes and the outstanding features, would help to orientate and interest the visitor?

We need a school of direction, so any citizen can give clear and concise directions to travellers as to where they should leave the city for any given highway, which is main trunk highway, which is marked. Apparently this point presents some difficulty to visitors, one party taking seven hours to reach a destination 30 miles away due to following directions given by several persons who should have known their district better.

Direction Needed
Is it not more interesting to know the names of mountains, lakes and creeks as one drives by? A sign on every bridge and at every point of interest would not be expensive and would pay big dividends in enjoyment.

A copy of the Voters' Lists for all country districts kept at the Tourist Bureau or Board of Trade office would help the farmer who wants to find his daughter-in-law's brother who lives in the valley. He is not sure whether it is Enderby or Lumby but he wants to get there.

What is our attitude in the country districts to the visitor from afar? Let us think upon the matter, or should we just dispose of tourist information as is done in an "Annotated Guide" in cents, which appears to have been in circulation about the year 1903 which says:

"Vernon is a charming spot, and the whole country is a veritable earthly paradise. A short distance east of Vernon is the Coldstream Estate, lately the property of Lord Aberdeen, formerly Governor-General of Canada. It contains some 13,000 acres of first-class fruit, and a large part of which is in a high state of cultivation. Thirteen thousand acres of 'fruit' in a high state of cultivation. A bit mushy, what!

Hybrid lines of squash, tomatoes, cucumbers and onions are now being used commercially.

LETTERS Of General Interest

Kalamalka Lake Subdivision
Editor, The Vernon News: Sir:
Can you find space for a few remarks about a most unusual suggestion put forward and recommended by the Council of the Municipality of Coldstream to the ratepayers for their approval prior to voting on a bylaw next Monday, June 3, 1946.

We refer to the subdivision now under course of construction at the head of Kalamalka Lake in which it is proposed that the Municipality will itself construct the roads and lay the water mains by means of the sale of bonds of the Municipality to the amount of some \$20,000.

The usual practice, almost universal, is for the owners of the Subdivision to complete the development of their property by the building of roads, etc. before the Subdivision is taken over by the Municipality for maintenance purposes. This is so clearly indicated in Section 60 of the Municipal Act which states that the Council of every Municipality may by bylaw require of the owner of the land, that the roads shall be cleared and graded for their width, with proper road and land drainage facilities, etc. and that all roads be constructed, graded and gravelled or rocked in accordance with the requirements of the Municipal Engineer.

The Council is asking the ratepayers to bear the cost of a portion of the work in this venture, still in the speculative stage, and which is so essential for the sale of the property for the benefit of the Syndicate. This should, therefore, be borne by them.

With the present chaotic condition no one can be assured of the success of this undertaking.

Whilst we would sincerely like to see this venture a success and have every confidence in the ability of the promoters to beautify the site from what they have already done, it must still only be looked upon as a speculation from the ratepayers point of view. This being so, it would seem to be poor business for the Municipality to add to its debt for such a purpose.

Yours very truly,
Chas. M. Watson,
John A. Bishop.

Grindrod News Items

GRINDROD, May 27.—A farewell party was given in honor of Joyce Uyeda by the school children on Thursday. During her stay here she had become a general favorite with the children and was presented with going away gifts and a large bouquet.

Mr. and Mrs. T. Deguchi, Mr. and Mrs. M. Minato, accompanied by Joyce and Henry Uyeda and T. Hama left on May 24 for Vancouver to await transportation to Japan.

W. J. Monk and son, of Vernon, spent the weekend visiting relatives in Grindrod.

A. J. Bailey spent the holiday weekend visiting friends and relatives here. He returned to Vancouver on Sunday.

Pte. A. Pollock of London, Ontario, arrived on Saturday to spend three weeks here with her parents.

Many friends of Tom Taylor were pleased to see him home again after an absence of 10 years spent overseas. During the war he served with the R.A.F. in England and India.

Every Veteran

...should answer these questions:

"What is MOST important in my future?" SECURITY, perhaps you would say? You have won the right to plan your future! Plan it with life insurance... the strongest force to assure continuation of your present security... for yourself... for your loved ones... in the years ahead!

"Does it matter WHICH life insurance company I choose?" Yes! Life insurance companies are much alike as to policies and rates, but actual long-term results vary widely. We invite you to compare The Mutual Life of Canada's record with that of any other company.

Evidence of the satisfaction of Mutual Life policyholders is furnished by the fact that whole families and succeeding generations have entrusted their life insurance programs exclusively to The Mutual Life, and each year approximately 35% of its new business comes from policyholders. Ask your Mutual Life representative to explain the special features of this Company.

Crowds Pack Stadium, Jam Falkland Hillside May 24

FALKLAND, May 28.—Perfect weather, and the largest crowd in history, made this year's Stampede something to remember. May 24 locally has always been the signal for the weatherman to "act up" at some hour of the day, and a deluge lasting an hour or all day is quite usual. But this year the sun shone from dawn to dusk. One thing was very uncommon: it is the first time that dust has been a major worry, but this year, owing to the unprecedented dry spring, it was something to conjure with.

The horses in the corral kicked up such a dust that at times it obscured the riders. A noticeable difference in the atmosphere, among spectators, was really in evidence, as tension of the last few years was entirely absent and people wholeheartedly gave themselves over to enjoyment.

Track events went over with a bang in the morning. Dorothy Hamann was crowned May Queen promptly at one o'clock, after having been escorted to the float by a guard of honor, composed of the older schoolboys carrying Union Jacks. Everard Clarke of Vernon acted as master of ceremonies, as he called retiring Queen Olive to crown her successor. The small girls went through the intricacies of the Maypole without an error.

Nowhere in Canada is there a natural setting more appropriate for such a holiday, and this year the crowd not only completely filled the stadium but took up all available space on the hillside.

The riders went all out to provide a really snappy show, and the Roman race and the Chuck Wagon race were exhibitions of superb horsemanship.

Because of rationing regulations, the ladies were unable to serve the customary "hot dogs" and replaced them with Boston baked beans and potato salad which, though acceptable, made a great amount of extra toll for the workers. The Pete Stoltz orchestra from Kelowna played to pack floors for the annual dance.

Track Event Results
Boys 50 yards dash: 1, Pat Simpson; 2, Cecil Wilson; 3, John Winn.

Girls 50 yards dash: 1, Dorothy; 2, June Swift; 3, Norma Bailey.

Boys 75 yards dash, 10-12: 1, Marie Blackburn; 2, Margaret Aitken; 3, Fred White.

Boys 75 yards dash, 10-12: 1, Kenny Portman; 2, Eric Sodabrick; 3, Murray Swift.

Girls 100 yard dash, 14-16: 1, Geraldine Hamann; 2, Betty Gardner; 3, Marie Blackburn.

Boys 100 yard dash, under 16: 1, Bob Bailey; 2, Bernard McMillan; 3, Philip Fringle.

Thread-the-Needle: 1, Marie Blackburn and Howard Johnston; 2, Roy Bortoli and Norah Bortoli.

Boys Wheelbarrow race: 1, Bob Bailey and Len Swift; 2, George Wrigley and Tommy Thompson.

Girls Heel and Toe race, open: 1, Geraldine Hamann; 2, Gladys Smith.

Ladies race, open: 1, Geraldine Hamann; 2, Barbara Foley.

Boys relay race, open: 1, Olson; 2, Johnston; 3, Robertson.

Best decorated bicycle: 1, Benita Hawrychuk; 2, Ernie Gotobed.

Stampede Results
Saddle Bronc: 1, Doug Bruce, Wainwright, Alta.; 2, George Tronson, Vernon; 3, Slim Hogan, Douglas Lake, B.C.

Bare Back Bronc: 1, Charlie Chick, Battle River, Alta., now Armstrong; 3, John Gottfredson, Kamloops; 3, Fred Reimer, Kamloops.

Steer Riding: 1, Jimmie Robillard, Chase; 2, Boyd Sherman, Kamloops; 3, Emory Lewis, Vernon.

Two Horse relay race: 1, Shorty Dunlop, Kamloops; 2, Art Shannon, Armstrong.

Roman race: 1, Charlie Chick, Armstrong; 2, Art Shannon, Armstrong.

Chuck Wagon race: 1, Charlie Chick, horse team; 2, Art Shannon, mule team.

Judges for the stampede were Nick Melchuk, Vernon, and Dewey Hines, Kamloops. Dick Blackburn of Enderby acted as announcer over the public address system.

Horses for the stampede were all Kamloops best buckers. Steers were George Anderson's Black Polled Angus, from Vernon.

Local mill operators, themselves seeing humor in last week's story regarding the strike, point out that the note may have been taken seriously and used to suggest a local lockout. One operator doubts whether the remark, if made, was made "on or after May 15." In his own case, he said, none of the men appeared on that morning, though he knows that two or three would have gone, had they felt that there was any use in trying to get up steam for a couple of hours of work. But there is no chance to make a lockout situation out of local conditions.

Heywood's Corner
Directions Still
Mystify Strangers

HEYWOOD'S CORNER, May 28.—It is pleasing to note that the misleading signpost mentioned in last week's report has been corrected. Nothing has been done, however, in respect to Heywood's Corner itself. It mystified many strangers especially those en route to Falkland for the May Day celebrations.

A. Turnbull, Provincial School Inspector paid his annual visit to the Heywood's Corner and Salmon Branch Schools on Monday of last week.

After a lapse of several months the United Church services are being held in the school. Services are being conducted by a student minister, Miss Penny Huokorby, who resides in Falkland.

Mrs. North Sharp returned home from the Armstrong hospital on Thursday with her new twins, a boy and a girl.

MORE BEAVER, MOOSE

Beavers are on the increase in the province of New Brunswick, which lends some experts to remark that this will see an increase in the moose population of the province. It is pointed out that where beaver ponds are found the moose flourish.

The last census, taken two winters ago, shows an approximate 7,000 moose in the province of New Brunswick, according to the fish and game department of the Canadian National Railways. There has been a decline in the number of moose in the province of New Brunswick and Nova Scotia.

Lavington Pupils Hike Into Hills

LAVINGTON, May 27.—Quite a little excitement prevailed at the School on Thursday when the children were again treated to their annual hike into the hills. Great preparations were made by the pupils beforehand and each child arrived on time with plenty of "eats."

W. J. Graham and Miss Cecile Gallon took charge, and most of the older children reached the "Rim Rocks" about 1 p.m. for lunch.

They had earlier hoped to explore some beautiful water falls, somewhere in that direction, but time was limited, so it was abandoned for some future date. The day provided a splendid opportunity for nature study. Incidentally, Shirley Graham celebrated her seventh birthday also on Thursday. All enjoyed this big event to the full.

Joe Firman returned last week after spending a few weeks at Halcyon Hot Springs.

Mr. and Mrs. Wheelings and two children of Vancouver, have been the guests of Mr. and Mrs. Harry Smith for several days. They enjoyed fishing trips to Sugar Lake and are loud in their praises of the Okanagan Valley. They returned to their home at the Coast this week.

Mrs. Alex Purves was a hospital patient for a recently.

"Sandy" Morrison returned home from hospital last week.

Several Lavington young folks enjoyed the dance at Lumby on May 24.

Mr. and Mrs. Calder Goodenough and their two children spent Sunday last at Kelowna. They were accompanied by Miss Mildred Armstrong, Miss Wendy Chambers and Miss Maureen Chambers.

Fluid milk consumption in the New York metropolitan area reached an all time high of 272,138,203 pounds in March and established a record price of \$3.44 per hundred-weight for the month's production.

Eczema Itching, - Burning - Distress

Gets Quick Ease and Comfort

No sufferer can afford to put up this honest offer of satisfaction or money back.

Heads Boy Scouts

Youngest Major-General in the Canadian Army, Maj.-Gen. Daniel C. Spry, D.S.O., has resigned as Vice-Chief of the General Staff to assume the office of Chief Executive Commissioner of the Boy Scouts Association in Canada. A former Scout himself in Calgary and Halifax, the new Commissioner will formally take office on September 1st. His appointment was approved by the Governor-General as Chief Scout for Canada, on April 30th. Maj.-Gen. Spry succeeds John A. Stiles, O.B.E., who is retiring after 27 years with the Boy Scouts, in September.

Town Planning Commission

KAMLOOPS, May 25.—Creation of a town planning commission has been authorized by city councilors on the recommendation of Ald. Charles Scanlan, long an advocate of organized creative town-planning. A bylaw to formalize the council resolution will be introduced at an early council meeting.

In introducing his resolution, Ald. Scanlan revealed that council is practically ready to proceed with an enlargement of the city. "Final plans have been received from J.

SCREEN FLASHES

Shirley Temple and the character which she plays, Corliss Archer, her first grown-up movie role in Columbia Pictures' "Kiss and Tell," which comes to the Capitol Theatre on Thursday, Friday and Saturday, May 30, 31 and June 1, have both become national institutions. Shirley, through spectacular rise to fictional fame as the young heroine of P. Hugh Herbert's magazine stories, radio program and stage play, it is no wonder, therefore, that "Kiss and Tell" has become the year's most looked-for screen event. From advance reports, this young actress, the charming character she plays and the hilarity of the story itself will undoubtedly make the expectancy a complete fulfillment.

Acclaimed as most unusual and heart-warming screen entertainment, "Sentimental Journey," starring John Payne, Maureen O'Hara and William Bendix, and featuring nine-year-old Connie Marshall plays at the Capitol Theatre on Monday, Tuesday and Wednesday, June 3, 4 and 5.

The dramatic story of a woman's secret heart and the passion of a man who loved her... but never really knew her, "Sentimental Journey" is said to achieve unforgettable moments of tender and poignant entertainment. Called a story every woman will understand and every man will wish he could, the picture has great emotional impact.

June Storey, leading lady to Gene Autry in twelve of his films, is currently appearing in Columbia's "Pictures" new action musical, "Song of the Prairie" which is at the Empress Theatre Thursday, Friday and Saturday, May 30, 31 and June 1. Ken Curtis, Jeff Donnell, The Hoosier Hotshots from The National Barn Dance, Andy Clyde and Guinn "Big Boy" Williams are also importantly cast in the film.

Alexander Walker, and the city is going to expand," he declared.

MEET AND MIX FROM COAST TO COAST IN CANADA

Mt. Eisenhower, Alberta

WHEN CANADA renamed a mountain in honour of an illustrious general, famous, accessible old Mt. Castle in our neighbor province of Alberta was chosen.

Nowhere was the gesture understood and appreciated better than in British Columbia, where the grandeur of mighty mountains, great rivers and the fertility of fruit and farm lands makes this province of abundance the favorite of travellers from the world over.

British Columbia's tourist industry has a potential value to every citizen that is difficult to overestimate. Mr. E. G. Rowebottom, our Deputy Minister of Trade and Industry, states that it will grow to a \$50,000,000.00 business in the next few years.

It is big business, good business and everybody's business. Everyone is asked to do their part in extending courtesy and friendship to these welcome guests within our borders.

This message is the fourth of a series supporting the efforts of our Government's Travel Bureau and Provincial Tourist Associations. Offered in the public service by...
